3. Physical Characteristics of Park. The mobile home park property consists of a total of one hundred sixty-seven (167) mobile home lots, located in a single, contiguous tract. The mobile home lots are hereinafter referred to as "Lots." The following schedule shows the Lot number, the size of each Lot, setback requirements and minimum distance between mobile homes as required by applicable law.

Lot Numbers	Approximate Dimensions
All Lots	45' x 90' (4,050 square feet)

Under the applicable Hillsborough County zoning ordinances for the mobile home park, the setback requirements are as follows. Front yards must be not less than twenty feet measured from the street property line to the front of a building or main structure. There must be a side yard of not less than ten (10) feet measured from property line to building. The rear yard must not be less than twenty-five feet from the rear of a building or main structure to the rear property line.

With regard to additional setback requirements, the Florida State Fire Marshall has adopted the NEPA Code, which imposes the following minimum separation distance requirements between mobile homes. These requirements shall be in force in the mobile home park. No portion of a manufactured home, excluding the tongue, shall be located closer than ten (10) feet side-to-side, eight (8) feet end-to-side or six (6) feet end-to-end horizontally from any other manufactured home or community building unless the exposed composite walls and roof of either structure are without openings and constructed of materials which will provide a one-hour fire rating, or the structures are separated by a one-hour fire rated barrier. A carport, awning, ramada or open (screened) porch is permitted to be located adjacent to a site line when constructed entirely of materials which do not support combustion and provided that such facilities are not less than three (3) feet from a building, cabana or enclosed porch on an adjacent site. A carport, awning, ramada or open (screened) porch using combustible materials shall not be located closer than five (5) feet from the site line of an adjoining site.

The services to be performed by the manager include preparing reporting forms to appropriate governmental agencies; receiving tenant complaints; providing buildings and ground maintenance; arranging and contracting for services to the park on behalf of the mobile home park owner; and obtaining necessary legal and accounting services.

Office hours are posted at the office. The park manager requests that all questions and problems concerning the operation, management and maintenance of the park be brought directly to the manager's attention.

7. Set-Up Requirements. The following paragraphs describe the improvements, temporary and permanent, required to be installed by the mobile home owner as a condition of his or her occupancy in the park:

(a) Set-up Requirements for Mobile Home Owners Having Existing Tenancies in the Park on June 4, 1984, Including Persons Assuming Such Existing Tenancies:

(1) The mobile home must be installed and maintained in accordance with all applicable federal, state and local statutes, laws, ordinances and regulations. The home must be blocked, stabilized and anchored in accordance with such applicable law.

(b) Set-up Requirements for Mobile Home Owners Establishing Tenancies in the Park Subsequent to June 4, 1984, Including Persons Assuming Such Tenancies:

(1) The mobile home owner must comply with the requirements set forth in paragraphs 7(a)(1)-(3) above on or before ninety (90) days after the date the mobile home is delivered to a Lot.

(2) On or before ninety (90) days after the mobile home owner delivers a mobile home to a Lot, the mobile home owner must:

(a) construct a concrete driveway adjacent to the mobile home, in accordance with design standards and specifications previously approved by the managers and having dimensions of 10' X 54' X 4".

(b) plant a fully sodded lawn.

Although the Park Rules and Regulations currently state that all mobile homes must be a minimum of fourteen (14) feet wide by fifty-two (52) feet long, Park Management will allow homes which are smaller than these dimensions to be placed in the Park as long as such placement has the prior approval of Park Management and the home is otherwise aesthetically compatible with all other homes in the Park. Compatibility will be determined at the sole discretion of Park Management.

8. Utilities and Other Services. The following is a list of suppliers of utilities and services for the mobile home park:

(a) Water Supply - provided by a water plant owned and operated by the mobile home park owners. Water service is included in the base rent component of the lot rental amount. Water lines from the stand pipe to and within the mobile home are the responsibility of the mobile home owner.

(b) Sewer - provided by a sewer plant facility owned and operated by the mobile home park owner. Sewer service is included in the base rent component of the lot rental amount. The sewer lines within the park are the responsibility of the park manager up to the ground connection of the sewer line to the mobile home. (c) Waste Disposal and Garbage Collection - provided by Waste Management. Waste disposal service is included in the base rent component of the lot rental amount. The provision of adequate containers and delivering the dumpsters to the proper location in tied plastic bags for pick-up is the responsibility of the mobile home owner.

(d) Storm Drainage - handled by a built-in storm drainage system on the mobile home park property. Storm drainage within the park is included in the base rent component of the lot rental amount. There will be no expense to the mobile home owners other than incident to Rent increases necessitated by repairs, maintenance or replacement of the existing system. The ultimate effectiveness of storm drainage in the Park is dependent upon adequate drainage outside the Park property which drainage is not the responsibility of the Park Owner. Any assessment by state or local government which may be imposed on the Park for off-site storm drainage shall be passed on to the home owners on a pro rata basis.

(e) Electrical Power - provided by Tampa Electric Company. Electrical power usage relating to each Lot is individually metered to each Lot and is the individual responsibility of each tenant. Electricity is not included in the lot rental amount. The utility provider is solely responsible for the electric lines to the meter, as well as the meter itself. The park owner is responsible for the electric meter pedestal and main breakers. Electrical lines to the mobile home or any other connection outside the mobile home are the responsibility of the mobile home owner. The electrical power to common facilities not related to a specific Lot is separately metered, billed to and paid by the mobile home park owner.

(f) Cable Television Service - Available from various providers. The responsibility for obtaining cable television service and for payment of recurring fees for such service is entirely with the mobile home owner. Cable television service is not included in the lot rental amount.

(g) In General - The description of the utility and other services at the park set forth above reflects the manner in which such services are provided and charged, and the parties responsible for the maintenance of the facilities necessary to provide such services, as of the filing date of this Prospectus with the Bureau of Mobile Homes of the Division of Florida Land Sales, Condominiums and Mobile Homes. The park owner reserves the right, upon ninety (90) days prior written notice to each owner of a mobile home in the park, to discontinue the provision or maintenance of any utility or other service described above that is presently provided and/or maintained by the park, provided that such discontinued service or utility is replaced by a comparable service or utility. Without limiting the foregoing, the park owner also reserves the right to cause the present providers of services and utilities to bill the mobile home owners directly for such services and utilities, regardless of whether such action is taken because of the discontinuation and replacement of a service or utility provider. The park owner further reserves the right to require mobile home owners to become responsible for the maintenance of utility facilities that are the responsibility of the park as of the filing date, in the manner set forth above.

9. Rent, Special Use Fees and Pass-Through Charges. The following is an explanation of the manner in which Rent, Special Use Fees and Pass-Through Charges (collectively, "Lot Rental") will be increased.

(a) Monthly Lot Rental. The Lot Rental applicable to Lots in the park may be increased upon notification of all mobile home owners in the park at least ninety (90) days prior to the effective date of such increase in the Lot Rental. Lot Rental, except Pass-Through charges, shall not be increased more often than annually.

(b) Lot Rental Amounts to be Paid by Mobile Home Owners. The Lot Rental Amounts to be paid by mobile home owners in the park are as follows:

(1) Rent. The base monthly rent for mobile home lot number \_\_\_\_\_, beginning \_\_\_\_\_, is \_\_\_\_\_. At the base monthly rental rate, permanent occupants are permitted. Any payment received after the fifth (5<sup>th</sup>) day of each calendar month will incur a \$ \_\_\_\_\_ late charge, compounded daily.

(2) Special Use Fees. "Special Use Fees" are separately itemized amounts charged in addition to the Rent for specific services or privileges rendered. The Special Use Fees for this Park are:

(A) A fee of \$ \_\_\_\_\_ will be charged for any payments not received in full by the 5<sup>th</sup> day of the month.

(B) A fee of \$ \_\_\_\_\_ will be charged for any payment by the resident that is returned for insufficient funds.

(C) A one-time fee of \$ \_\_\_\_\_ is charged to a new tenant in the park as a mail-box key deposit, for those persons desiring to have their mail delivered to the park.

(D) A fee of \$ \_\_\_\_\_ per month for each person in excess of two (2) who resides in a mobile home with the permission of the park management.

(E) A fee of \$ \_\_\_\_\_ per month shall be charged to persons owning and using washing machines or dishwashers in their mobile homes, in order to defray the cost of additional maintenance, upkeep and repair to the park water and sewer plant resulting from the use of such privately-owned appliances.

(c) Pass-through Charges - "Pass-through Charges" means those amounts, other than Special Use Fees, which are itemized and charged separately from the Rent and which represent the mobile home owner's share of costs charged to the park owner by any state or local government or utility company. The Passthrough Charges for this park are as follows:

1. Real estate and other taxes imposed upon or assessed against the park: \$ \_\_\_\_\_ per month

2. Special assessments imposed upon the park owner and/or against the park by any state or local governmental agency or authority or utility company: \$ \_\_\_\_\_ per month

3. Filing fees and any other charges or impositions attributable to the action of any state or local governmental authority or agency or utility company: \$ \_\_\_\_\_ per month

4. Improvements charges: \$ \_\_\_\_\_ per \_\_\_\_\_ for any improvements not existing on the date that this Prospectus is delivered to the mobile home owner and that are charged by any state or local governmental authority or agency or utility company; provided, however, that noting herein shall be construed to require persons having existing tenancies in the park on June 4, 1984, including any assumptions of such tenancies, to make any permanent improvements, except to the extent permitted by applicable law.

In the event that any of the above Pass-through charges are left blank or disclosed to the mobile home owner as "not applicable" ("N/A"), or by similar reference, above, the park owner specifically reserves the right, upon ninety days prior written notice to each owner of a mobile home in the park, to initiate such Pass-through Charges. In the event of any increase in the above-described Pass-through Charges, the increased cost will be allocated equally among all of the lots.

(d) Damage and Security Deposits - A damage and security deposit of \$ \_\_\_\_\_ is required to be paid prior to occupancy. This deposit is refundable under the terms and conditions outlined in the Rules. Residents may be charged for the cost of repair of any damage caused to park property by them or their invitees.

(e) Entrance Fee - Little Manatee Isles requires the payment of an entrance fee of \$ \_\_\_\_\_, payable prior to the placement of a mobile home upon a lot.

(f) Rent Increases - Lot Rental increases (except Pass-through Charges) may be made a maximum of once each 12-month period, provided that proper notice has been given as outlined below. Determination of the need for, and the amount of any increases, will be based upon changes in the following factors:

(1) Costs that Little Manatee Isles Mobile Home Community incurs for the following:

(A) Property taxes (real and personal).

(B) Insurance premiums (including insurance premiums for fire, extended coverage, liability and key man purposes).

(C) Interest and principal payments on mortgages or other debt instruments.

(D) Water plant and water distribution system costs.

(E) Sewer plant and sewer collection system costs.

(F) General maintenance and repair costs.

(G) Trash removal services costs.

(H) Road, parking and storage area maintenance and repair costs.

(I) Management costs, including wages and salaries to all persons engaged in operating, managing, maintaining, or administering the park.

(J) Costs, fees, or charges charged by any local, state, or federal government agency or authority.

(K) The cost of major repairs or improvements; provided, however, that nothing herein shall be construed to require mobile home owners having existing tenancies in the park on June 4, 1984, including any assumptions of such tenancies, to make any permanent improvements to their lots.

(L) Utilities cost increases.

(M) Janitorial, security, cleaning and pest control costs.

(N) Redecoration, renovation and landscaping costs.

(O) Managements fees.

(P) ground, equipment or improvements leasing costs.

Increases in any of these expenses will be allocated equally among all of the lots in the park at the time the annual rental agreement is renewed.

(2) Market Conditions. Little Manatee Isles rental rates will be established taking into consideration the market conditions of the Hillsborough County area at the time of the inception of the rental agreement (whether initially or upon any renewal). Market conditions will be measured as follows:

(A) Review of the past twelve (12) months lot rental experience at Little Manatee Isles. Consideration will be given to the amount of rent paid by all new lessees during this period.

(B) Review of rental rates at a representative sampling of comparable parks in Hillsborough County, Florida.

(3) Prevailing Economic Conditions. Prevailing Economic Conditions are intended to refer to those factors which bear on the economic viability of a real estate investment and which would be considered by a prudent businessman in establishing the base rent and other charges or any increase in the amount thereof. These factors may include: (1) the costs attendant to the replacement of this park in the economic environment existing at the time of any rental increase, including land acquisition costs, construction costs, and losses associated with the operation

of a park prior to full occupancy, and the level at which the lot rental must be established in order that the park owner will realize a reasonable return on the costs referred to in this clause (1); (2) the level of interest rates and other financing charges associated with construction, interim and permanent financing; (3) the availability of alternative forms of real estate investments which, absent the rental increase in question, might reasonably be expected to yield a greater return on investment capital; (4) the levels of the Consumer Price Index, defined as the United States Department of Labor, Consumer Price Index, U.S. City Average-All Urban Consumers, 1967=100, or, in the event of the discontinuation of publication of the Consumer Price Index, then an alternative index which has been reasonably related to the Consumer Price Index in evaluating economic conditions, and which has been, or can reasonably be expected to be, generally accepted or a replacement index for the Consumer Price Index; (5) the level at which the lot rental must be established in order that the Owner will realize a reasonable return on the "Owner's Equity"; for this purpose, the "Owner's Equity" refers to the fair market value of the park from time to time, less existing mortgage indebtedness; (6) other economic factors which might reasonably be expected to affect either the value of the park, the rate of return available to the Owner of the park at the existing level of rent, the present value of the real estate investment in the then current economic conditions, and which would be taken into consideration by a prudent businessman in considering the amount of rental increase required in the park in order to realize a rate of return similar to other at risk real estate ventures from the then current value of the park.

10. User Fees. User fees means those amounts charged in addition to the lot rental amount for non-essential optional services provided by or through the Park Owner to the mobile home owner under a separate written agreement between the mobile home owner and the person furnishing the optional services. User fees are currently charged for Mail Box Key Deposit and Storage Facility. User fees may be increased to reflect increased costs in providing or maintaining the ability to provide the relevant service, or prevailing market or economic conditions in the manner discussed above regarding lot rental amount, or an increased utilization level by home owners. An increase in one or more of these factors may result in an increase in the Park's user fees. Ten days notice of any increase in user fees shall be given to all affected homeowners. Notice of increase will be given by posting a notice at the facility, by personal delivery, or by U.S. Mail delivery. Notice by U.S. Mail will be considered made upon the mailing of notice to the Home Owner's last known address.

11. Park Rules and Regulations. The Park Rules and Regulations are attached as an exhibit to this prospectus. The Rules and Regulations may be modified in accordance with section 723.037, Florida Statutes.

12. Zoning Classification. The existing zoning classification for the south one-half of the mobile home park is R3MH. Permitted uses in this zoning classification include mobile home parks, apartments, boarding, rooming and lodging houses, boat piers, child care centers, convalescent homes, schools and public works facilities. The existing zoning classification for the north one-half of the mobile home park is R3MHT. Permitted uses in this zoning classification include all uses permitted under R3MH, plus travel trailer vehicles.

13. Zoning Authority. The name of the zoning authority having jurisdiction over the land comprising the park is the Board of County Commissioners of Hillsborough County, Florida. The mobile home park owner has no definite future plans for changes in use of the land comprising the mobile home park as of the date on which this Prospectus was filed with the Division of Florida Condominiums, Timeshares, and Mobile Homes of the Department of Business and Professional Regulation.

14. Other Exhibits. Attached to this prospectus as Exhibit "D," is a copy of the written rental agreement to be offered for rental of mobile home lots. Attached to this Prospectus as Exhibits "E-1" and "E-2," respectively, are copies of the zoning ordinances applicable to the mobile home park.

13. ASSIGNMENT AND SUBLETTING. Resident shall not sublet all or any part of the Premises, or assign this Lease in whole or in part, without Owner's prior written consent. In the event that Resident wishes to assign this Lease to a purchaser of Resident's mobile home who intends to maintain the mobile home in the park, the prospective purchaser must complete and submit to Owner an application for residence in the Park on forms provided by Owner at least fifteen (15) days prior to the requested assignment. The prospective purchaser of the mobile home must qualify for residence in the Park under the Rules and Regulations and, additionally, must meet standards of creditworthiness, income and financial standing applicable to all prospective new residents of the Park. With respect to any other proposed sublease of the Premises or assignment of this Lease, Owner's consent to the same may be withheld in Owner's absolute judgment and discretion. Any sublease or assignment made without consent of Owner shall be void and of no force and effect.

14. DEFAULT AND EVICTION.

The Owner may evict a mobile home owner, mobile home occupant, mobile home tenant, or a mobile home itself for any of the reasons set forth in section 723.061, Florida Statutes.

The termination of this Lease by Owner pursuant to this paragraph shall not affect any liability of Resident to Owner at the time of termination for any past due rent or for any past or prospective damages to which Owner may be entitled.

15. ZONING. The north half of this mobile home park is zoned R3MHT. The south half of this mobile home park is zoned R3MH. The zoning authority is the Hillsborough County Office of Development Coordination. There are no future plans at this time for changing the use of the land.

16. WAIVER. No waiver of any default by Resident shall be implied from any omission by Owner to take any action with respect to the default if such default persists or is repeated. No express waiver shall affect any default other than the default to the extent stated in the express waiver. One or more waivers of any covenant, term, or condition of this Lease by Owner shall not be construed as a waiver of a subsequent breach of the same covenant, term, or

condition. The consent of Owner to any act by Resident requiring Owner's consent shall not be deemed to waive or render unnecessary Owner's consent to any subsequent similar act by Resident. The rights and remedies of Owner contained herein are cumulative, and shall be in addition to those prescribed by law.

17. SUBORDINATION/ESTOPPEL CERTIFICATE. This Lease is and shall be subject and subordinate to the lien of any and all mortgages now or hereafter encumbering the Premises, and Resident will execute such instruments both In confirmation of subordination and the status of this Lease as Owner may from time to time require.

## ADDENDUM TO LOT RENTAL AGREEMENT

Pursuant to the Federal Housing Finance Agency (FHFA) Enterprise Duty to Serve (DTS) Underserved Markets Rule, the following manufactured home community tenant protections are incorporated into the provisions of the lot rental agreement. These provisions supersede any otherwise conflicting provision(s) of the lot rental agreement or its incorporated prospectus or rules and regulations, but to the extent not in conflict with Chapter 723, Florida Statutes.

(1) Upon reaching the termination date, this Lot Rental Agreement shall automatically be extended for an additional period of one year and for additional one year periods thereafter, unless the Tenant shall notify the Landlord in writing thirty (30) days prior to the expiration date of Tenant's intention to vacate the premises.

(2) The lot rental amount, including each of the categories of charges currently or hereafter comprising a part of the lot rental amount, is subject to increases by Community Owner after 90 days notice as required by Chapter 723, Florida Statutes.

(3) Lot rental amount payments received more than 5 days after due date shall be subject to a late charge. Tenant shall be allowed to cure the default resulting from the late payment by payment of the outstanding amount in full including late charges.

(4) If Tenant is evicted from the Community, Tenant shall have the right to sell Tenant's manufactured home in place or remove the home for not less than 45 days after entry of the judgment of eviction, and during that 45 day period to remain on the site and have the home remain connected to public and private utilities.

(5) Tenant has the right to sell Tenant's home within the Community without having to first relocate it out of the Community, and the prospective buyer may become a resident of the Community. However, the prospective buyer must qualify as a resident pursuant to the requirements of the Community rules and regulations and be approved by Community Management, which approval shall not be unreasonably withheld.

(6) Tenant has the right to sublease Tenant's home, or to assign the remaining unexpired term of the lot rental agreement to a buyer of Tenant's home without any unreasonable restraint, provided the buyer otherwise satisfies the requirements of the Community rules and regulations.

(7) Tenant may display one "For Sale" sign in or on the manufactured home subject to the restrictions set forth in the Community rules and regulations.

(8) Tenant has the right to receive such notice as may be required by Chapter 723, Florida Statutes, prior to any planned sale or closure of the MH Community.

(9) Except as specifically modified by this Addendum, Tenant and Landlord expressly agree that all of the terms, conditions, and provisions in the Lot Rental Agreement and Community Rules and Regulations shall remain in full force and effect.

Borrower shall use commercially reasonable efforts to cause all existing Leases for Home Sites with Home Owners to include the MHC Tenant Protections on or prior to the date that is twelve (12) months after the Closing Date. Borrower may include the MHC Tenant Protections in: (i) new Leases with Home Owners, (ii) amendments to or restatements of existing Leases with Home Owners, (iii) MH Community Rules and Regulations that are incorporated by reference into Leases with Home Owners, or (iv) any other document as approved in writing by Lender. Lender may revise the MHC Tenant Protections at any time so long as such revision is based upon requirements or guidance provided by Freddie Mac, Fannie Mae, or the Federal Housing Administration and otherwise complies with Chapter 723, Florida Statutes. Upon notice from Lender to Borrower that a revision to the MHC Tenant Protections is necessary pursuant to the foregoing sentence, Borrower shall update the lease documentation containing the MHC Tenant Protections within ninety (90) days of receipt of such notice. Notwithstanding the foregoing, in the event that the Loan is refinanced with a Fannie Mae or Freddie Mac loan, within twelve (12) months of the closing of such loan, Borrower shall implement the then-current MHC Tenant Protections required by the applicable agency.

If any of the foregoing requirements violate applicable law (including if applicable law provides a more favorable protection to the Applicable MHC Residents), then such requirement(s) will be deemed automatically void and of no force or effect. The invalidity or unenforceability of such requirement(s) will not affect the validity or enforceability of any other provision of this Agreement, and all other provisions will remain in full force and effect.

These Rules and Regulations ("Rules") are intended to maintain the appearance standards and comfort of Little Manatee Isles (the "Community") for you and your visitors. A copy of the Rules will be posted in the Community and must be observed by all Residents and Guests. **1.12** Unauthorized Occupant: means a person who is not entitled to reside on the Lot and/or who has visited the Community for a period of time longer than 15 consecutive days or 30 total days per year.

## **2. RESIDENCY**

**2.1** Any person applying for admittance as a Resident of the Community must fill out an application for residency and be interviewed by Community Management. All prospective Residents must be approved by Community Management and must sign a rental agreement prior to beginning occupancy of a Home currently in the Community or prior to moving a Home into the Community. All prospective Residents must demonstrate that they accept and comply with all Community rules, by passing a criminal background check that will be performed by the Community for a fee per person as directed by Community Management, by providing proof of income, and pass a credit background check that complies with Community Management's minimum requirements for same. Community Management has the right to reject a prospective Resident for any reason not prohibited by law; however, approval may not be unreasonably withheld. Community Management will not approve a prospective Resident who provides false or misleading statements, whether orally or in writing, within the rental application or in any statement or document offered in support of a request for residency approval. The purchase of a Home Owner's Home by those who have not executed the rental agreement or obtained written consent from Community Management shall not constitute permission or right for the purchaser(s) to reside within the Community. An application for residency, and background check must be completed and approved, a copy of the Rules and Regulations delivered, and a Rental Agreement signed, prior to: (i) residing in a Home within the Community; or (ii) arrival of the Resident's Home in the Community.

**2.2** Community Management reserves the right to: (i) refuse residency to anyone who purchases or otherwise receives title to a Home unless approved pursuant to paragraph 2.1; (ii) refuse to accept further lot rental amount payments and terminate the Rental Agreement of anyone who, after proper notice pursuant to section 723.061, Florida Statutes, fails to comply with these Rules and Regulations (see rule re: Enforcement and Eviction, for further information); and (iii) refuse residency to any applicant for any reason not prohibited by law.

**2.3** Unless the Home is sub-leased upon prior written permission of Community Management, the principal Resident of each Home in the Community must be its legal owner. Except as expressly provided by applicable State law, no one other than those executing the Rental Agreement shall be allowed to reside upon the Lot set forth in the Rental Agreement without prior written consent from Community Management. Each additional occupant of the Home must be approved for residency by Community Management, and an additional resident fee shall be charged each month for each Resident in the Home over a total of two (2). The name of each Resident over the age of 18 must be listed in the Rental Agreement prior to residing in the Home. Any increase in the number or exchange or substitution of persons in a Home must have Community Management's prior written approval. Without prior written consent of Community Management, the Home may not be occupied by more than two (2) persons per bedroom or the allowable number of persons based upon the design criteria of the Home. Non-compliance in qualifying additional occupants will subject the Resident to eviction (see rule re: Enforcement and Eviction, for further information).

**2.4** Heirs and/or beneficiaries of a deceased Home Owner are not considered to be "purchasers" for the purpose of assuming the remainder of the deceased Home Owner's tenancy. All heirs and/or beneficiaries and/or purchasers must be approved by Community Management prior to initiating occupancy of the Home.

## **3. 55-AND-OLDER COMMUNITY**

This Community is intended and operated for occupancy by persons 55 years of age and older and, as such, adheres to the requirements of the Housing for Older Persons Act of 1995. Consequently, at least 80 percent of the occupied units must be occupied by at least one person who is 55 years of age or older as of the date of occupancy.

At the time of application for initial occupancy, or upon demand of Community Management, all prospective Residents and all existing Residents shall be required to produce for inspection and copying, one of the following age verification documents: driver's license, birth certificate, passport, immigration card, military identification, other valid local, state, national or international documents containing a birth date of comparable reliability or a certification in a

lease, rental agreement, application, affidavit or other document signed by any person of sufficient legal age to sign a contract asserting the age of the occupants of said Home. The minimum age for all Residents is 40. Notwithstanding the above, the Community Management reserves the right, in its sole discretion, to grant exceptions to the minimum age requirements of this Rule, while still maintaining compliance with the Housing for Older Persons Act of 1995.

Community Management reserves the right to refuse admission to the Community by any person(s) not deemed suitable to Community Management in its sole discretion. Any misrepresentation, whether written or oral, made by the prospective Resident (Home Owner) in information provided on the registration card or credit application; or statements as to number, age, or identity of persons residing in the Home; or about pets, personal background, or past landlords, is deemed material and fraudulent and made to induce the Community Owner to admit the prospective Resident (Home Owner). Any such misrepresentation shall be deemed a conclusive breach of the Lot Rental Agreement and shall void the approval of the request for occupancy.

On January 1st of each even numbered year, all existing Residents shall be required to provide the names and ages of all current occupants of the unit, in writing, to Community Management. Failure to provide the written occupant documentation shall constitute a violation of these Rules and Regulations and the Home Owner may be subject to eviction pursuant to Section 723.061, Florida Statutes.

#### **4. PAYMENTS, FEES, AND CHARGES**

**4.1** Lot rental amount must be paid in full. Timely payment in full is required; partial payments will not be accepted. Lot rental amount payments are due on the first day of each month and must be paid on or before the fifth (5th) day of the month. A Late Charge will be charged to any Resident whose lot rental amount is not received by Community Management on or before the fifth (5th) day of the month or for any Resident who does not pay in full thereafter, as provided in the prospectus.

**4.2** Resident must pay by electronic methods including Management-approved third-party companies through a Resident pay portal, automated clearing house (ACH) debits, or bank electronic funds transfer or by personal check, cashier's check, money order, certified check, or credit card. Community Management reserves the right to refuse a personal check. All payments must be payable in U.S. funds drawn on a U.S. financial institution.

**4.3** Returned Payments: If any payment by Resident is returned for insufficient funds, the Resident may incur fees for same as set forth in the prospectus. Returned payment fees and late payment fees may be incurred concurrently.

#### **5. SALE AND/OR REMOVAL OF HOME**

**5.1** Home Owners have the right to sell their Home within the Community subject to the Community Owner's right of first refusal. The purchaser must, however, meet all requirements for residency prior to occupancy or the purchaser will be required to move the Home from the Community (see rules re: Residency and Eviction).

**5.2** A Home Owner intending to make a bona fide sale of his or her Home or any interest in it to a proposed purchaser intending to remain in the Community shall give to Community Owner notice of such intention, together with the name and address of the proposed purchaser and such other information concerning the proposed purchaser as Community Owner may reasonably require. Home Owner shall provide to Community Owner a copy of the final executed sales contract. Home Owner may redact all financial information and social security numbers contained in the copy of the final executed sales contract before submission to Community Owner. Resident shall direct the proposed purchaser to Community Management for exchange of information, including the lot rental amount which will apply at the expiration of the seller's lease term or at the time of sale. Within seven (7) days of transfer of title, change in financing of the Home, or purchase of Home Owner's Home, a true copy of the legal registration showing title registered in the name of the purchaser and the name of the lienholder, if any, shall be provided to Community Management by Home Owner. This rule does not in any way diminish or affect the obligation of every purchaser of a

Home to seek and to obtain written approval by Community Management prior to the change in occupancy of the Home if the proposed purchaser intends to become a Resident of the Community.

**5.3** Prior to written approval of the purchaser for residency, Community Management will inspect the entire Lot and exterior of the Home to verify that it complies with all rules and regulations. The Home must meet all local code requirements, including but not limited to, electrical and plumbing. The inspection will include, but is not limited to, exterior maintenance, skirting, carports, awnings, attached structures, sheds, shrubs, trees and lawn care. Any infraction or deficiency must be repaired/upgraded. The seller and the purchaser must provide proof of completed repairs or written assurance to Community Management that any repairs or changes to the Home will be made as necessary to bring the Home into compliance with Community standards as set forth in these Rules and Regulations, within a reasonable time frame as specified by Community Management in writing. Community Management has the right to deny approval of the proposed resident if such work is not done; however, approval may not be unreasonably withheld.

**5.4** Home Owner may display one "For Sale" sign, no larger than 12 inches by 16 inches, inside the Home window. This sign may display only the words, "For Sale" or the equivalent plus an address or telephone number of the Resident, and the name of the broker, agent, or dealer where further information may be obtained. The display of any other commercial enterprise on the sign is prohibited. Due to safety and security considerations, any Home offered for sale must be registered with Community Management before a sign is displayed. All outside realtors, brokers or service companies working in the Community must show proof of current licensure and proof of appropriate liability insurance before starting work. Those without such proof of insurance on file with Community Management will be stopped from performing work inside the Community until such proof of insurance is presented to Community Management.

**5.5** Community Owner requires that any Home not meeting the Community's established standards, as required by these Rules, or any Home which is improperly maintained, be upgraded to improve the quality and appearance of the Home. Failure to meet the Community's requirements shall be a violation of these Rules.

**5.6** In the event Home Owner intends to move the Home from the Community, written notice must be given to Community Management of that intent at least thirty (30) days prior to the moving date. Such move must be made between 8:00 a.m. and 5:00 p.m. so Community Management may have an inspector present. Only transporters of Homes, properly licensed and authorized by governing authorities, are permitted to move Homes into or out of the Community. Such transporters must provide Community Management with a security deposit of up to \$500.00 and a certificate of general liability insurance in an amount of not less than five hundred thousand dollars (\$500,000.00) to insure against personal injury and damage to property. Written permission from Community Owner is required prior to any move of a Home either into or out of the Community. All current charges must be paid in full prior to moving the Home from the Community.

**5.7** Any Home Owner who removes a Home from the Community is responsible for any cleanup necessary, including removal of all trash, steps, broken concrete, planters, patios and footers, and any other discarded materials. Utility connections must be sealed, protected, and identified. The Lot must be left in a clean and neat condition; it must be cleaned, cleared, and approved by Community Management. Home Owner is responsible for expenses incurred in restoring the Lot to a clean condition. Community Management shall provide written notice to Home Owner upon satisfactory completion of Lot restoration. Home Owner's obligation for payment of lot rental amount shall terminate as of the end of the lease term in effect at the time of removal of Home Owner's Home or at such time as agreed to in writing by Community Management.

**5.8** Community Management requires that each Resident comply with the requirements of all governmental agencies including, but not limited to, HUD, the department of motor vehicles or transportation, the State and the County in which the Community is located.

**5.9** Community Management and Community Owner assume no responsibility in the event that a dealer, bank or other secured party should opt to remove the Home of a Resident from the Community, except for Community Management's failure to perform a duty or negligent performance of a duty as implied by law.

**5.10** Destruction of Home: Should the Home be destroyed by fire, windstorm, water, an act of God, or by any other means, the Home Owner must remove the salvage from the Lot within fifteen (15) days from the date of such event, or from the date of mailing of written notice from Community Management to Home Owner to remove same, whichever is earlier, unless a longer period for removal is provided by applicable ordinance or law.

**5.11** Right of First Refusal for Individual Mobile Homes.

**5.11.1** If Home Owner offers a Home for sale, or if Home Owner receives a bona fide offer for the purchase of his or her Home, Home Owner shall notify Community Management, in writing, of: (a) Home Owners' offer, identifying the price, terms and conditions of the offer made by the Home Owner, and (b) for any bona fide offer received from any third party (the "Third Party Offeror"), Home Owner shall identify the Third Party Offeror, provide a full and correct copy of the Third Party Offeror's offer, including the price, terms and all conditions of the offer and of copies of all documents comprising the offer. This notice to Community Management by Home Owner shall be referred to as the "Offer Notice". Community Management shall have three (3) business days to accept the price, terms and conditions of the Offer Notice by providing written notice of the acceptance to Home Owner. Upon delivery of a timely acceptance of the Offer Notice, the Parties shall cooperate in good faith to complete the sale of the Home to the Community Owner. If Community Management fails to timely accept an Offer Notice served in full compliance with this rule, Home Owner shall be free at any time to sell the Home to a party or parties other than Community Owner. If Home Owner thereafter elects to offer, or accept a Third Party Offeror's offer, for a sale of the Home at a price lower than the price specified in his or her original Offer Notice, Home Owner shall provide written notice of the revised offer and a copy of the same (the "Revised Offer Notice") to Community Management and Community Management shall have an additional three (3) business days from receipt of the Revised Offer Notice to accept the revised offer. An Offer Notice or Revised Offer Notice to Community Management shall be promptly delivered to Community Owner. (Home Owner shall be entitled to a receipt for any Offer Notice or Revised Offer Notice delivered by hand delivery). Acceptance of an offer made in an Offer Notice or Revised Offer Notice by Community Management shall be by certified mail or recognized overnight delivery service, with a copy of the acceptance posted on the Home. If an offer made or received by Home Owner does not include the appliances, fixtures or window coverings for the Home, the Offer Notice or Revised Offer Notice shall clearly identify the items which are not included. Clear title and proof of ownership shall be conditions precedent to Community Owner's purchase of a Home.

**5.11.2** This rule is intended to enable Community Owner to retain Homes in the Community, and thus to preserve occupancy and continued revenues. Community Owner's rights hereunder are unique, and are difficult or impossible to quantify.

**5.11.3** Community Owner may record in the public records a memorandum of the rights granted by this rule. Community Owner may also give notice of its rights, by any manner or means to any third party, including, but not limited to, any Third Party Offeror, potential buyer(s), or individual(s) or entity(ies) involved in the sale, transport, or brokerage of Homes.

**6. SETUP: NEW or REALES**

**6.1** The location and positioning of a non-Community owned Home being placed on a Lot will be carried out under the direction of Community Management. Community Management's written approval of the style and quality, size and type of all proposed additions or other improvements to Resident's Home or Lot installed by Home Owner as a requirement of tenancy in the Community but not including any improvements such as sidewalks and utility connections which will be of use to Residents or other occupants of the Lot after removal of the Home regardless of the size or dimensions of any other Home or appurtenances thereto which may be placed will be subject to Community Owner's prior written approval and will be based on factors such as the size, location, and the proposed location of equipment, additions or other improvements in relationship to other Lots in the Community.

**6.2** Responsibility for compliance with applicable zoning or code provisions shall be that of Resident(s). Only new Homes (never previously occupied) and used Homes which have been approved in advance in writing by Community Management as acceptable for location within the Community will be allowed in the Community. A plot plan

showing the location of the Home, accessory buildings and any improvements existing and proposed to the Home or Lot shall be submitted to Community Owner. Written approval from Community Owner is required prior to the commencement of any work. All persons involved with the move in and set up of the Home must have adequate general liability and worker's compensation insurance. All liability associated with the move in shall be the responsibility of Home Owner.

**6.3** Homes must be placed in a uniform manner, properly blocked, set and all utilities connected in accordance with the applicable local, city or county code and/or regulations and with Community Management's specifications. Homes must be anchored immediately, as required by governmental regulations.

**6.4** All of the materials utilized in connection with the erection and completion of the Home as contained within these Rules shall be of a quality, type, style, color and pattern approved in advance in writing by Community Management. Community Management shall have approval rights over the manner of installation or attachment of the Home and of any accessory structures, and all installation and construction shall be consistent and compatible with other Homes in the Community. All installations shall comply with federal, State and local laws, codes and regulations, and shall comply with all standards referenced within these Rules and the Lease Agreement.

**6.5** Home Owner beginning a new tenancy agrees that the following standards and requirements, and the Home Owner required improvements set forth in the prospectus, shall be met and completed, if required by applicable ordinance, under a building permit issued by the city or county building department or other applicable local agency and approved by Community Management:

**6.5.1** Utility hook up and connection, along with normal Home setup, including tie-downs or anchors, must be provided by the Home Owner at their own expense in accordance with state and local government requirements and manufacturer's specifications. The Home Owner is responsible for proper set-up of the Home and for obtaining and paying for all permits and fees of any nature associated with the initial location and setup of the Home.

**6.5.2** All Homes entering the Community must have removable hitches which shall be removed upon anchoring, and older Homes moved into the Community which do not have hitches which are designed to be removed, shall nonetheless be removed and the gap area restored.

**6.5.3** All Homes entering the Community must be skirted on all sides with decorative concrete block, aluminum, vinyl or other materials and in colors or styles approved by Community Management. Lattice skirting is prohibited. Skirting must be completed within 30 days of delivery of the Home in the Community, and must be maintained regularly to insure a uniform and attractive Community. If the present skirting is destroyed by windstorm, an act of God, or by any other means, or substantially replaced, replacement skirting must be of the approved type. All skirting must be of a color consistent with the color of the Home.

**6.5.4** Entry steps and stoops approved by Community Management must be installed on all Homes being placed in the Community by Home Owners beginning a new tenancy in the Community, and on existing Homes in the Community if required by code requirements, at all entrances to the Home. All steps (both front and back door) on such new Homes and on existing Homes where required by local code requirements, must have an adequate handrail running the entire length of the steps.

**6.5.5** Home Owners must secure their street numbers and/or home lot numbers on the front of the Home, placed consistently with surrounding Homes in accordance with applicable local code requirements.

**6.5.6** Central air conditioning must be installed on all Homes being placed in the Community by Home Owners beginning a new tenancy in the Community. No air conditioning or heating unit shall be newly installed in the front window or front wall of any Home, or any wall facing a street. Central air conditioner compressors must be placed on a cement slab. Existing window units must be securely and attractively braced to the Home.

**6.6** Utility sheds (buildings) if installed must be constructed of sturdy vinyl, aluminum, painted sheet metal or other finished siding material approved by Community Management prior to installation and must be anchored on a poured concrete slab or an approved sturdy wooden platform. Sheds may not be newly erected or reinstalled on a patio slab or driveway and can be no larger than 10' x 10' or 12' x 12'. The center line of the roof of the shed cannot be higher than the Home. Wherever required, a permit must be obtained from the local city or county building department and from Community Management before installation. Sheds shall be located in the back of the Home but may not be installed in a location bordered by a street. Only one shed per Lot is allowed and sheds are prohibited from being equipped or tied-in with utilities such as electricity and water, unless prior written approval from Community Management is obtained as to the number of sheds and utility tie-in.

**6.7** Upon removal of a Home from a Lot, the Home Owner is responsible for restoration of the Lot and for removing all trash, debris, steps, broken or damaged concrete, planters, and any other discarded materials from the Lot. Utility connections must be sealed, protected and identified. The Lot must be cleaned, cleared, and approved by Community Management.

**6.8** The use of gas appliances for Home heating is permitted; however, Resident shall give written notice to Community Management at least 7 days in advance of any installation of such appliances and shall provide documentation of installation by a licensed and insured contractor to Community Management upon completion of same. Propane tanks for use in outdoor grills or similar devices are not permitted in any area directly visible to any street.

**6.9** Exceptions. Management reserves the exclusive, unrestricted right to grant exceptions to the referenced Home Owner required improvements due to space limitations, design considerations, etc., in cases where the intent of the requirement is met but not the specific requirement, or in such other circumstances where the exception will not disturb the quiet enjoyment of the Community by other Residents or when the basis for the variance is deemed sufficient in the discretion of management.

## **7. MAINTENANCE OF HOMES**

**7.1** Residents who commence occupancy in the Community must meet Community standards, as disclosed in these Rules and Regulations. Community Management is in the continual process of maintaining these Community standards and reserves the right to require Residents to comply with the Community standards, as set forth in these Rules and Regulations, in effect at the time of the Resident's entrance into the Community. These requirements may be modified by Community Management due to space limitations, design considerations, or such other reasons as may be sufficient in the sole discretion of Community Management. Alterations or modifications to a Home made in violation of these rules and regulations must be removed or replaced.

**7.2** All Homes and applicable buildings must be maintained in compliance with all municipal, county and State housing and health codes. In the event any governmental agency shall impose a fine for failure of the Home Owner to comply with the same, Home Owner shall be responsible for payment; and, in the event the Community pays the fine, Home Owner shall promptly reimburse Community Owner for the payment made on Home Owner's behalf.

**7.3** Maintenance: All Homes, carports, sheds, or any other items placed on a Lot by Home Owner, must be maintained in a clean and orderly manner and in good repair. Home Owner must immediately repair and promptly report to Community Management any water leaks in or from pipes or fixtures in, on or under the Home up to the point where such systems connect to the Community lines at the Home Owner's Lot. This requirement includes any pipes above ground and in the Home. Any damages or costs incurred by water leaks which are caused by the Home Owner will be the sole responsibility of the Home Owner. The exterior surfaces of the Home including the eaves and trim shall be kept free of mildew, dirt, grime or discoloration. Homes must be washed at least annually. Peeling, fading, or damaged exterior surfaces, and broken windows, doors, and screens must be restored and repaired to the condition of a well-maintained Home in the Community within thirty (30) days. Damaged areas or poorly painted areas of the Home and accessory buildings must be repaired or repainted. Community Management reserves the right to require Home Owner to perform repairs, repainting or other maintenance that is needed to maintain Community standards as set forth in these Rules and Regulations.

**7.4** Parking Area: Where the Community has provided a driveway on the Lot, Home Owner is responsible for maintaining this driveway and keeping it in a state of cleanliness and repair. If damaged by Resident or Guest(s) during the tenancy, Home Owner must repair same. This obligation includes any oil spill or leak.

**7.5** Exterior Surfaces: As the appearance of the Home ages, or is damaged or otherwise altered in appearance, if deemed necessary or appropriate by Community Owner, housing or health code enforcement personnel, the Home shall be modified so as to be brought to the state of cleanliness and repair of a well-maintained Home, and free from mold and mildew. Community Management reserves the right to require Home Owners to pressure wash their Homes if Community Management determines, in its sole discretion, that pressure washing is needed in order to restore the Home to a well-maintained condition. While Homes may not be required to be brought to an overall "as new" condition, repairs and maintenance may be required to replace damaged, dilapidated, peeling, faded, or discolored components of the Home visible from the street or from an adjacent Home including resurfacing, re-siding, re-roofing, lap-siding or similar modifications.

**7.6** All exterior materials used in upgrading, must be approved in writing by Community Management prior to their use on the Home. The materials used should be consistent with the types of materials used on well-maintained Homes in the Community.

**7.7** Alterations/Additions: Home Owners are encouraged to upgrade their Homes. To ensure that individual actions are aesthetically compatible with other Homes in the Community and in accordance with Community standards as set forth in these Rules and Regulations, all improvements, additions, and alterations, including but not limited to replacement of existing porches, concrete slabs, carports, screened-in areas, awnings, skirting, steps, walkways, utility buildings, and similar items and the location of air conditioning units, must be approved in writing by Community Management prior to commencement of work.

**7.7.1** No change may be made to the color of the exterior of the Home or any portion thereof without prior written permission of Management. A sample of the proposed new color(s) must be shown to and approved by Management prior to repainting.

**7.7.2** Each Resident is responsible for the submission of complete plans or permits for anticipated alterations showing compliance with Community standards as set forth in these Rules and Regulations, county building and zoning codes, and other restrictions of record.

**7.7.3** If electrical, mechanical or plumbing is upgraded, whether or not to accommodate appliances or improvements of any type, such upgraded service shall be at the sole expense of Home Owner (following prior approval by Community Management).

**7.7.4** Approval is necessary to protect the underground utilities, continuity of Community appearance, and the safety of Community Residents. In addition to all other remedies available to it, Community Management may require Home Owner to remove any unapproved construction or addition.

**7.7.5** Resident shall consult the Community Management before doing any digging, as certain utility and service connections are underground and Resident shall call for any required utility location. Cost of repairs for damaged underground services will be assessed to the Home Owner who damages any underground service.

**7.7.6** All improvements must be completed within thirty (30) days of approval by Community Management. For additional information on Community standards, please see Rule, "Setup: New or Resales."

## **8. LOT CARE**

It shall be the responsibility of Resident to ensure that the Lot is properly maintained. All Lots must be maintained in compliance with all municipal, county and State building, housing and health codes. In the event any

governmental agency shall impose a fine for failure of Resident to comply with the same, Resident shall be responsible for payment; and, in the event the Community pays the fine, Resident shall promptly reimburse Community Owner for the payment made on Resident's behalf.

**8.1** Alterations: Any alterations or modifications to a Lot, including attachments, driveways, landscaping, must have the written consent of Community Management prior to commencement of work. Each Resident is responsible for the submission of complete plans or permits for anticipated alterations showing compliance with Community standards as set forth in these Rules and Regulations, county building and zoning codes, and other restrictions of record. Alterations or modifications to a Lot made in violation of these rule and regulations must be removed or replaced in order to comply with Community standards as set forth in these rules and regulations, at Home Owner's expense.

**8.2** Maintenance: Resident is responsible for the overall appearance of the Lot. The Lot must be kept clean, orderly, and free of litter and debris. Resident must maintain lawn, landscaping, trees, and shrubbery thereon including mowing, trimming, edging, weeding, watering, and the general care thereof. If, after proper notice and an opportunity to take corrective action, Resident fails to properly maintain the Lot to Community standards as set forth in these Rules and Regulations, then Community Management may have the necessary work performed and charge the Home Owner for the actual costs and expenses incurred. The Community is not responsible for damage to Homes or Lots resulting from acts of nature.

**8.2.1** Sod: Resident must trim and edge along the sides of the Home, walkways, driveways and streets before they become unsightly and overgrown. Generally, this means mowing when the lawn reaches approximately three inches (3") in height. The object is to keep the Resident's lawns and the Community looking neat. Grass sod which has been damaged or destroyed by neglect, disease, insects, lack of water, vehicular traffic, or through other fault of the Resident, must be repaired or replaced at Resident's expense. If, in the opinion of Community Management, all or part of Resident's lawn needs to be re-sodded, Resident will receive written notice from Community Management to complete this repair at Resident's expense.

**8.2.2** Landscaping: Additional landscaping (including trees and shrubs) may be planted with Community Management's prior written approval as to type and location; plantings too close to the exterior of the Home are prohibited. Community Management reserves the right to reject certain species of trees or shrubs as unsuitable for planting on a Lot. For example, some unacceptable plants include Melaleuca (punk or paper bark tree), Norfolk Pine, Australian Pines, Chinese Tallow (popcorn tree), Brazilian pepper, Rubber trees, and Spanish bayonet. The Home Owner is responsible for maintaining and trimming any trees and shrubs existing on the Lot before their residency and is responsible for any new plantings which have been added by the Home Owner. Plantings and shrubbery in the front or the sides of the Home cannot cover or obscure windows. Plantings are not to exceed 4 ft. in height and must be trimmed to maintain a 4 ft. maximum height. Trees and shrubs may not be removed without the written consent of Community Management. Sod must be replaced by the Home Owner where planting is removed. Community Management must approve the location of any diggings due to the ultimate size of plants, underground utilities, and lawn maintenance. Shrubby, trees, and plants planted become part of the land and may not be removed without Community Management's permission.

**8.2.3** Trees and Shrubs: Trees and shrubs which are on the Lot of Home Owner and which are destroyed or damaged by high winds, by any act of nature, by disease, or in any other way, must be removed by Resident as part of the required Lot maintenance; this includes dead trees and shrubs. Trees must be trimmed to maintain a minimum clearance of six (6) feet from foliage to ground. Resident must pick-up and dispose of fruit dropped from trees, remove dead or diseased plants, shrubs, or trees. Lot maintenance which is to be performed by Resident includes fallen tree or limb removal, limb trimming, fertilizing, root trimming or removal, leaf raking and removal and repair or treatment of damage, disease or infestation from lawn pests. For purposes of this rule, any tree the trunk of which is entirely within the boundary of Home Owner's Lot, is considered to be "on the Lot." Any tree, the trunk of which is on a boundary line of Home Owner's Lot, is the shared responsibility of the adjacent Home Owner (if the trunk is located on a shared boundary line between two Lots) or of the Community Owner (if the trunk is on a boundary line separating Resident's Lot from a common area of the Community or from an unoccupied Lot).

**8.2.4** Vegetable Gardens: Vegetable gardens are prohibited on the Lot except where prior written approval from Community Management has been obtained.

**8.2.5** Absences: Residents who are going to be absent from the Community for more than ten (10) days must notify Community Management as to what arrangements have been made for the necessary grounds care. Community Management reserves the right to do the necessary work at Resident's expense so that the Lot will meet these Rules. Water valve must be shut off when a Home Owner or Resident is gone for more than three (3) days.

**8.2.6** Watering: Sprinklers and hoses shall not be left running unattended. Excessive watering which causes draining into streets, carports, under Homes or adjacent Lots, or otherwise causes run-off from Home Owner's Lot is not permitted. Community Management may enter a Lot and turn off the water in these instances in order to protect the Community. Automatic lawn sprinkler systems must be approved by Community Management prior to installation and must be constructed in accordance with applicable government regulations after permits are obtained. Restricted watering days and/or hours may be required in compliance with directives from governing authorities; if so, such requirements will be posted in the Community and must be strictly observed.

**8.2.7** Ditches: Those Home Owners whose Lots are adjacent to drainage ditches are required to maintain the space up to the banks of said ditches to prevent unsightliness. Likewise, there shall be no dumping of leaves, clippings or other debris into the ditch by anyone. If any trash is dumped by Home Owner in such areas adjacent to Home Owner's Lot, it must be removed at the Home Owner's expense.

**8.3** Laundry Lines: Only removable umbrella or reel-type laundry lines will be approved and must be placed at the rear of the Home. Laundry lines must be taken down daily and properly stored between uses. Pole location must be approved in writing by Community Management prior to installation to avoid damage to underground utilities. Lines for hanging clothes outside and lines strung between trees or on carport supports will not be permitted. No one is permitted to hang towels, rugs, rags, wearing apparel, or any other such items on the Home or on any other device on the Lot, excepting the approved laundry line.

**8.4** Solar Energy Devices: All solar energy devices (including solar powered devices and solar panels) must be approved by Community Management in writing prior to installation and must be constructed and installed in accordance with applicable state and local regulations and shall be installed only after all required permits, if any, are obtained.

**8.5** Fencing: No fences are permitted except those installed by Community Owner.

**8.6** Antennas: No antennas or outdoor reception devices shall in any way be attached to or protruding from any Home or Lot, except small DBS satellite dishes less than one meter in diameter (39 inches) and broadcast TV antennas (over-the-air and multichannel multipoint antennas). All other outdoor reception devices are prohibited. Further, any equipment that interferes with neighboring reception is prohibited. Prior written permission from Community Management must be obtained before installation of any kind of approved outdoor reception device (DBS satellite dish or broadcast TV antenna) to ensure that the device is located in conformance with the aesthetic standards of the Community.

**8.6.1** To maintain an attractive Community, satellite dishes or broadcast TV antennas must be installed in an inconspicuous location on the rear of the Home or in a location that is not visible from the street. If such placement sufficiently impairs the quality of reception, the dish or antenna may be installed on the Home or Lot in the most inconspicuous location possible and must be attractively landscaped and shielded from view to the greatest extent feasible. However, due to concerns over possible damage to underground utilities, prior written approval from Community Management is required for the placement of a satellite dish or broadcast TV antenna on the Lot. Home Owner is prohibited from installing satellite dishes or broadcast TV antennas outside Home Owner's Lot.

**8.6.2** Due to safety concerns posed by winds and the risk of falling outdoor reception devices and masts, these items together may only be as high as required to receive acceptable quality signals and no reception device and mast may be installed that would extend higher than 12 feet above a roofline. Additionally, approved outdoor reception devices shall not be installed nearer to a Lot boundary than the combined height of the mast and reception device. Resident is responsible for the maintenance of the outdoor reception device and is liable for all injuries, losses or other damages to any person or property caused by the installation, maintenance, or use of the reception device.

**8.7** Posts, Poles, and Stakes: No posts, poles, stakes, or the like are to be driven into the ground or around the perimeter of the Lot without prior written approval of Community Management due to the danger of interfering with or damaging underground utilities. Home Owner will be liable for any expense incurred by the Community resulting from violation of this Rule.

**8.8** Outdoor Equipment:

**8.8.1** No outdoor equipment, including but not limited to, weight benches, trampolines, outdoor exercise equipment or other outdoor recreational equipment, major appliances, hot tubs and similar personal property or improvements, are permitted on the Lot. No newly installed swing sets are allowed on the Lot; existing swing sets may not be replaced.

**8.8.2** Basketball hoops (either portable or stationary) may be permitted if prior written approval is received before installation, installation is done in a manner that is safe and does not disrupt the privacy of neighbors, the equipment is well maintained, and the Resident does not allow use except under Resident's supervision. Basketball hoops may not be set up on or near the street and must be located at the rear of the driveway. However, if the Community offers a basketball court as an amenity in the future, then basketball hoops are prohibited from being installed or located on the Lot.

**8.8.3** Swimming pools, lap pools, hot tubs, spas, saunas, water gardens, water fountains, or any similar personal property or improvements are prohibited.

**8.8.4** No outdoor fireplaces, fire pits, chimeneas, fire bowls, oil lamps, lanterns, or outdoor heaters of any kind are allowed. Barbeque gas grills, charcoal grills, and smokers used for outdoor cooking are allowed.

**8.8.5** Resident hereby indemnifies and holds harmless Community Owner, its affiliates and its and their officers, directors, employees, assigns and agents with respect to any claims, damages, loss or cause of action arising from the use of any allowable outdoor equipment.

**8.8.6** The use of outdoor recreation equipment is subject to noise restrictions. (See rule re: Resident and Guest Conduct for further information.)

**8.9** Outdoor Signage and Flags: Resident may not post "Beware of Dog" or "No Trespassing" type signs at the Lot or on the Home or in the windows of the Home. Residents may display one portable, removable United States flag or official flag of the State of Florida, not larger than 4½ feet by 6 feet, in a respectful manner in or on their Home. Residents may also display one portable, removable official flag, not larger than 4½ feet by 6 feet, which represents the United States Army, Navy, Air Force, Marine Corps, Space Force, or Coast Guard, or a POW-MIA flag in a respectful manner in or on their Home. Home Owner may display one "For Sale" sign, no larger than 12 inches by 16 inches, inside the Home window. (See Rule 5.4). No other flags or signs may be displayed on the Home or in the yard.

**8.10** Storage: Lawn care equipment, tools, toys, and other equipment must be stored out of sight in a neat and orderly manner when not in use. No articles are to be stored in a visible location outside, on, or beneath the Home, the deck, stoop, screened room, or patio.

**8.11** Furniture: Only furniture specifically designed for outside use is allowed outside the Home. Patio furniture and grills must be placed adjacent to the Home when not in use. Any temporary structures such as portable carport covers, tents and party tents, canopies, pavilions, or other similar structures are prohibited from being permanently installed on the Lot and must be taken down daily after use and properly stored.

**8.12** Temporary Structures: Temporary structures such as pop-up carports, garages or sheds are not permitted.

**8.13** Trespass: Community Owner considers each Lot within the Community to be absolutely private to the demised Home Owner, and it shall be a violation of these Rules for anyone to trespass through or upon the Lot of another.

**8.14** "Security cameras" (defined for purposes herein as any camera or other visual viewing and/or recording device that provides continuous visual viewing or continuous and/or intermittent visual recording for safety and security purposes) shall be permitted to be installed on the Resident's lot, provided that (a) the installation complies with the terms and provisions of this declaration and any architectural review guidelines and rules and regulations promulgated by the Community in furtherance of the terms and provisions of this declaration, (b) the placement and use of such security cameras does not result in an "improper view" (defined to mean a view that encompasses, in whole or part, continuously or temporarily, a view of or into another resident's property, whether intentional or unintentional, but specifically excluding views from the front or side of the residence into the adjacent street or roadway and which might include some portion of the front yard or side yard areas of the property lying across such street or roadway), and (c) the use of such security cameras is not utilized in a fashion to invade or disrupt any resident's reasonable right of privacy. A resident's failure to comply with the terms and provisions of this section shall constitute a nuisance under this declaration and a violation of these Rules and Regulations. Upon discovery, the Community Owner shall deliver written notice of such violation to the subject Resident, and the Resident shall have 5 days from receipt of such notice to correct such violation. The failure of the Resident to correct such violation within such 5-day period shall entitle the Community Owner, without requirement for further notice, to enter upon the property to take such actions as necessary to remove the offending security cameras, and all costs and expenses incurred by the Community Owner in such regard shall be levied against the Resident and the property through the levying of a specific assessment. In no manner shall the Community Owner be deemed to be a guarantor or protector of an individual's right to privacy, and the Community Owner shall only undertake actions under this section following receipt of a written claim from an offended Resident and subsequent inspection by the Community Owner and determination of a violation. The foregoing provisions shall in no manner be deemed to limit a Resident's private right to damages for any violation.

**8.15** Exterior Lighting. All exterior lighting shall be designed, located and lamped in order to be unobtrusive to neighbors as determined in the sole and unique discretion of Community Management by preventing or minimizing: overlighting; energy waste; glare; light trespass and sky glow. Lights on the exterior of the home, on the lot or visible outside of the home should be installed and operated to minimize off-site trespass (outside the boundaries of the Resident's lot) to the maximum extent possible. All lights on Resident's home and lot should be directed only to where the light is needed. Lights should be no brighter than necessary. Lights should be dimmed down or turned off when not required. Light which is visible outside of the home should be of warm colors; avoid using light of blue or bright white. The light from an outside lamp should be pointed parallel to the ground so that the bulb is not visible from the street or from the home of another resident. Light trespass onto the lot of another resident or common area of the residential property by lighting shall be remedied by redirecting the light fixture or by controlling the light output as determined to be necessary in the exclusive discretion of Community Management. All nonessential lighting on the exterior of the homes or any structure or improvement on the lot shall be turned off no later than 11:00 P.M. Lights on a timer are encouraged. Sensor activated lights are encouraged to replace existing security lighting.

## **9. GUESTS**

**9.1** All persons who are not specifically named in the Rental Agreement are considered as Guests. A Guest is a person whose stay does not exceed fifteen (15) consecutive days or thirty (30) total days per year. Such person(s)

will be required to be approved for residency within the Community pursuant to the Rules and Regulations. Guests shall not be permitted to reside or stay in the Community in the absence of Resident.

**9.2** Guests are entirely the responsibility of their Resident hosts and must comply with Community Regulations. Guests who are unruly or who create disturbances will be asked to leave. If Community Management so requests, a Guest must vacate the Community within 24 hours of delivery to Resident or the Guest of a written demand to vacate.

**9.3** Without prior written consent of Community Management Guests will not be allowed to bring a dog or any other animal into the Community with them at any time, even for a daily visit. Service animals are permitted for handicapped persons.

**9.4** All overnight Guests or Guests who will be using Community recreational facilities, if any, must be registered by their Resident host with the Community Management between the hours of 9:00 A.M. and 5:00 P.M. Guests arriving on weekends or holidays may be registered between 9:00 A.M. and 5:00 P.M. the last day prior to their arrival. Failure to register your Guest will subject the Guest to immediate removal from the Community. Guests must notify Community Management upon departure. Seasonal occupants are requested to notify Community Management of the period(s) during which the Home is vacant.

## **10. VEHICLES AND PARKING**

Only individuals having a current and valid driver's license may operate a motor vehicle in the Community. The term "vehicle" shall have the same meaning as the term "motor vehicle" as defined in section 320.01, Florida Statutes, which includes, but is not limited to, a "trailer" that is without motive power and is designed to be pulled by a vehicle with a motor. Further, a "personal vehicle" shall mean a Resident's non-commercial car, truck, SUV, station wagon, minivan, or passenger van which is used for personal transportation with a payload capacity which does not exceed 1 ton and is without advertising logos, signage, decals, and stickers.

**10.1** Vehicles: All vehicles must have liability insurance in the minimum amount required by State law.

**10.1.1** Only personal vehicles licensed and used for daily transportation will be allowed to be operated in the Community. All other vehicles, including but not limited to, any commercial vehicle, any vehicle with a payload capacity exceeding 1 ton, large trucks, cargo vans, step vans, semitrailers, motorhomes, recreational vehicles, buses, campers, boats, off-road vehicles, utility trailers of any type, boat trailers, motorcycle trailers or any similar vehicles, must be removed from the Community. Community Management will ban from the Community any vehicles that, in its sole judgment, interfere with the peace, privacy, and/or general welfare of other Residents or with the appearance of the Community. Personal vehicles where more than 30% of the vehicle is covered with decals or stickers of any kind are deemed unsightly and are prohibited from being stored in the Community.

**10.1.2** If space in the designated storage area is available and storage fees as applicable are paid, then Resident may have the non-exclusive right of access to and use of the storage area for the purpose of storing the Resident's qualifying vehicle. Vehicles qualifying for placement in the storage area include a Resident's recreational vehicle or motorhome, boat, boat trailer, camper, utility trailer, motorcycle trailer, or personal water craft. In general, personal vehicles and commercial vehicles are prohibited from being stored in the storage area.

**10.1.3** Motorcycles and mopeds which are properly registered and operated by a Resident with a valid operator's license will be permitted only as transportation on Community streets via the shortest route in and out of the Community. No recreational or joyriding will be permitted within the Community by Residents or Guests. All permitted vehicles must have factory-type quiet mufflers. Prior to storing, parking and/or driving any motorcycles, mopeds or motor scooters in the Community, it is Resident's obligation to confirm with Community Management that said vehicle(s) are properly muffled.

**10.1.3** ATV's, minibikes, dirt bikes, go-carts, or any similar motorized vehicles are prohibited from being operated in the Community. No unlicensed off-road vehicles will be permitted within the Community.

**10.1.4** Washing of Resident's personal vehicles is permitted subject to any rules or regulations promulgated by any local, state or federal agency.

**10.2** Parking: Without prior written consent of Community Management, no vehicle shall be parked in or on Community common areas, other than those areas specifically designated for parking. Parking on roadways within the Community or on lawns, swales, green areas or vacant Lots or on undeveloped portions of the Community is strictly prohibited. Vehicles are not to be parked on the grass at any time.

**10.2.1** Resident is permitted a total of two (2) vehicles per Lot, provided there is adequate room on the driveway, except with the express written consent of Community Management for an exception to this rule.

**10.2.2** Campers, trailers, motorhomes, boats or delivery vehicles will be permitted reasonable time for loading and unloading, but shall never be parked or stored overnight within the Community. No person may remain overnight or otherwise reside in the Community in any camper, motorhome or similar vehicle.

**10.2.3** Unless otherwise provided by Community specific rules, the street right-of-way may not be used for parking. A Guest's vehicle may be temporarily parked in the street right-of-way but never overnight (and in no event for more than five (5) hours). A Resident's vehicles may be temporarily parked in the street right-of-way for drop-off and pick-up for no more than fifteen (15) minutes but never overnight. In the event there is not sufficient space, it is the responsibility of the Resident to locate parking or storage outside the Community and not on other Residents' Lots. Residents are responsible to insure that Guests' vehicles comply with these rules.

**10.3** Vehicle Repairs: Mechanical or other repair of vehicles, boats or trailers is not permitted at a Lot or elsewhere within the Community. Vehicles without current licenses, inspection stickers and tags, or which are inoperable or in a state of disrepair including, but not limited to, those which are rusted, dented, handpainted, or unpainted or which are missing external parts, are not to be stored on the Lot or in any other area within the Community. No vehicle may be on jacks, blocks or ramps at any time other than for emergency tire changes lasting no longer than 30 minutes. Due to the safety hazard it presents, any vehicle left on jacks, blocks or ramps is subject to towing, as provided by applicable law, and vehicles on roadways are subject to immediate towing without notice, or with such minimum notice as may be required by applicable law, payable to the towing service and not to Community Owner.

**10.4** Vehicles in violation of these Rules may be towed away without notice, or with such minimum notice as is required by applicable law, at the registered owner's expense, payable to the towing service and not to Community Owner.

**10.5** Speed bumps, if installed, are a safety device. Community Owner is not responsible for any damage or personal injury resulting from contact with a speed bump.

**10.6** Speeding in excess of posted limits is prohibited. All autos, motorcycles, mopeds and any other vehicle must observe the posted speed limits or, if no signs are posted, must observe a speed limit of 10 miles per hour and must obey all "stop signs" and other posted warnings. A FULL STOP must be made at all stop signs. All of these Rules will be enforced as this is for the safety of our Community Residents. Residents must inform all visiting Guests/invitees about the speed limit and the aforementioned rules.

**10.7** Bicycles, golf carts and pedestrians have the right of way, and must observe all traffic rules. Bicycle riding in the Community after dark is permitted only if bicycles are equipped with front lights in working order and reflectors on the rear of the bike. Bicycle riders must obey all street signs.

**10.8** The building or repair of boats in the Community is prohibited.

**10.9 Prohibited Vehicles and Uses.** No (a) boats, (b) jet skis, wave runners or like vehicles or devices, (c) boat trailers, (d) trailers of any kind, (e) campers, (f) motor homes, (g) truck campers, (h) motorized scooters, as referenced in Section 320.01, F.S., or any successor statutes, or as otherwise defined in the Florida statutes, (i) mopeds, as defined in Section 320.01(27), F.S., or any successor statutes, or as otherwise defined in the Florida statutes, or (j) buses and limousines and any other like vehicles, shall be permitted to be parked in the Community unless parked in an area designated by Community Management for such purposes. No vehicle shall be used as a domicile or residence, temporarily or permanently. Nothing in this section shall be construed to limit the ability of disabled persons to own, use and otherwise maintain power driven mobility devices and wheelchairs (as defined in 28 C.F.R. §35.104) within the Community, but such power-driven mobility device or wheelchair shall not consist of any of the prohibited vehicles described in this rule.

**10.10 Electric Motor Vehicles.** Electric motor vehicles (defined as a motor vehicle that is powered by an electric motor that draws current from rechargeable storage batteries, fuel cells, or other sources of electrical current) are permitted within the Community, provided that any such vehicle shall only be charged while parked within the carport contained within or as part of the home. As with other types of vehicles, only individuals who have a current and valid driver's license may operate an electric motor vehicle within the Community.

Community Management may but is not required to promulgate rules and regulations from time to time regarding the nature, components, and location for installation of electric vehicle charging stations. A home owner must apply for approval of Community Management before installation of an electric vehicle charging station. Upon approval by Community Management and execution of a written agreement confirming Home Owner's acceptance of the terms of installation and operation including agreeing to be solely responsible for all costs and expenses related to the installation, insurance, maintenance, repair and replacement of the charging station, and acknowledging that Community Owner is not a guarantor of electric service to the charging station, Home Owner may install an electric vehicle charging station in his carport.

## **11. PETS**

**11.1** Prior written approval from Community Management must be obtained as to any animal which is to reside in the Community, and such written approval must be obtained and submitted prior to the time the pet is actually brought into the Community. No more than two (2) generally accepted domestic pets which have been approved and registered by the Community Manager are allowed per household. To be approved, the pet must be an inside pet and a true household pet. Community Management reserves the right to make decisions on pets on a case-by-case basis but shall not use this discretion to approve or grandfather a pet with a history of barking, attacking, growling, biting, other menacing behavior or any dog whose breed or breed mixture appears to be a dangerous breed as described in the Dog Rule below. Community Management can at any time terminate approvals granted for pets based upon incomplete, inaccurate, or changed information or pet behavior. Residents having more than two pets as of the effective date of these rules, will be allowed to keep them provided all pets are registered with Community Management within 30 days after such date. Such pets shall not be replaced over and above the maximum of two pets per household.

**11.2** Completion of the written application form by Resident shall be required before approval of any pet will be considered. All information required on the application shall be provided with complete detail as requested. Such items requested shall include, but not be limited to, the name of the pet, the breed, the adult size of the pet (height and weight), the pet license tag number and current vaccination status of the pet, the veterinarian for such pet, the length of time that said pet has been with Resident and any history of the pet as it pertains to barking, attacking, growling, biting, other menacing behavior or law suits occasioned by its behavior. The application shall be signed and dated by the Resident. Any false or incomplete information on the application, including that of the mix or breed of the pet, will be deemed absolute grounds for rejection of the pet, and shall constitute a violation of the Rules if the pet is not immediately removed.

**11.3** As part of the application, Resident shall submit to Community Management proof that the pet has a valid and current pet license (if a license is required by law), and that the pet has received all required vaccinations and inoculations. Resident shall also bring the pet to Community Management for a visual assessment. Annually, Resident

shall be required to provide to Community Management proof of a current pet license and of vaccinations and/or inoculations as are required. This documentation shall be copied and presented to Community Management within 15 days of the renewal date of any pet license and/or vaccination and inoculation requirement.

**11.4** No pet with a history of biting or attacking any person shall be allowed or approved. Any Resident or prospective Resident who has previously been sued because of damages caused by any pet for which approval is being sought shall be denied permission for such pet to be brought into the Community.

**11.5** Dogs:

**11.5.1** The following breeds are not permitted under any circumstances, regardless of whether prior approval for the same has been acquired: Doberman Pinschers, German Shepherds, Rottweilers, Pit Bulls, Staffordshire Bull Terriers, Chow Chows, Akitas, wolf/dog mixes, any dog which is a mix of the above breeds, or any dog that exhibits aggressive behavior. An animal is considered "aggressive" when its behavior reasonably causes fear for a Resident, Guest or Community employee or contractor. A single bite is sufficient reason, but not a prerequisite for removal under this rule. Properly trained and well-behaved "house dogs" capable of being comfortably maintained indoors, for which immunization and licensing in compliance with the local animal control ordinance (or other comparable municipal ordinance accepted by the local animal control) is current and is maintained current are permitted, provided that their behavior does not in any way become a nuisance to neighboring Residents. Applicants for residency in the Community and Residents of the Community who wish to acquire a dog must provide evidence of such immunization and licensing to Community Management in conjunction with the approval process.

**11.5.2** Dog owners are required to demonstrate full control of their dog and its behavior. If a complaint is received by Community Management regarding the behavior of a particular dog, which Community Management in its sole discretion determines to be valid, Community Management may require either that the dog be permanently removed from the Community or that the Resident provide evidence of successful formal obedience training by organizations operating to American Kennel Club standards, or equivalent.

**11.5.3** Dogs must be kept inside the Home except when taken outdoors on a leash for reasonable outdoor exercise periods. For this purpose, dogs may be walked on Home Owner's Lot or on the common areas or entrances to the Community. When outside the confines of the Home, all droppings must be immediately removed by the Resident. In no event may a dog be permitted to trespass on another Home Owner's Lot.

**11.5.4** Dogs shall not, under any circumstances, at any time be caged, fenced, tied or otherwise left restrained but unattended outside the Home of the dog's owner. No outside fences or pet restraining perimeters, whether above or below ground, dog houses, dog runs, cages, or other containers or forms of restraint of any kind for the retention of pets will be permitted on the Lot.

**11.5.5** Persistent barking (barks or howls for ten sustained minutes or more on a regular and recurring basis) by any dog at any time of the day or night constitutes unacceptable dog behavior.

**11.5.6** Community Management will investigate any and all written complaints concerning dogs from any neighboring Resident. When dog owners are determined by Community Management to be out of compliance, the dog owner will be given written notice of such non-compliance, which may lead to eviction for non-compliance under these Rules.

**11.6** Cats:

**11.6.1** Domesticated cats for which immunization and licensing in compliance with the local animal control ordinance (or other comparable municipal ordinance accepted by local animal control) is current and is maintained current are permitted. Applicants for residency in the Community and Residents in the Community who wish to acquire a cat must provide evidence of such immunization and licensing to Community Management.

**11.6.2** Cats must be kept inside the Home except when taken outdoors on a leash for reasonable outdoor exercise periods.

**11.6.3** Cats shall not, under any circumstances, at any time be caged, fenced, tied or otherwise left restrained but unattended outside the Home of the cat's owner. No outside fences or pet restraining perimeters, whether above or below ground, or other forms of restraint of any kind for the retention of pets will be permitted on the Lot.

**11.6.4** Community Management will investigate any and all written complaints concerning cats from any neighboring Resident. When cat owners are determined by Community Management to be out of compliance, the cat owner will be given written notice of such non-compliance, which may lead to eviction for non-compliance under these Rules.

**11.6.5** Persistent howling which is audible outside the Home by any cat at any time of the day or night constitutes unacceptable cat behavior.

**11.7** Birds:

**11.7.1** Pet birds whose singing or other noises are not audible outside the Home Owner's Home are permitted. However, should a pet bird become a noise nuisance, the bird's owner is required to take corrective action.

**11.7.2** Community Management will investigate any and all written complaints concerning birds from any neighboring Resident. When bird owners are determined by Community Management to be out of compliance, the bird owner will be given written notice of such non-compliance, which can lead to eviction for non-compliance under these Rules.

**11.8** Other Animals: No other agricultural or wild animals, poisonous creatures or exotic creatures such as pigs, iguanas, snakes, ferrets, rabbits, etc., are permitted in the Community.

**11.9** Residents shall hereby be liable for and shall defend, indemnify and hold harmless Community Owner, its affiliates and its and their officers, directors, employees, agents, and assigns from all personal injury or property damage caused by pets. In addition, Residents shall comply with all provisions of any rules, regulations and ordinances of any governmental authority or agency and the laws of the State with respect to dogs, cats and other pets.

**11.10** Without the prior written approval of Community Management, pets belonging to daily visitors and/or overnight visitors of Residents must be boarded outside of the Community. However, Guests' service animals are permitted.

**11.11** Pets are specifically prohibited from the common areas and recreational facilities of the Community.

**11.12** Feeding of stray or wild animals is prohibited.

**11.13** Any pet found running loose may be picked up and delivered to the local animal shelter. If the animal is wearing identifying tags, Community Management may, but is not obligated to, first attempt to return the animal to its owner.

## **12. UTILITIES**

**12.1** Utility Hook-Ups: All electrical and plumbing hook-ups must be completed by licensed and Community approved service people. Any fees for installation or hook-up of utilities are the Home Owner's responsibility. Home Owner must determine the amperage requirements of his or her Home, appliances, and equipment. If Home Owner's amperage requirement is not met, Home Owner shall bear the cost of replacing or upgrading the breakers, electrical wiring, and connections. It shall be Home Owner's sole responsibility to purchase the wire and

required connecting device and to hire a duly licensed electrician for this installation. Home Owner must notify and cooperate with Community Management for the placement of the electrical components. Home Owner is responsible to Community Management and to the other Home Owners within the Community for any damage that arises from faulty wiring within the Home, inadequate amperage, or improper installation of the electrical components.

**12.2** Utility Repairs: All utility problems must first be reported to Community Management before commencing any repairs. The cost for repairs made without notifying Community Management, including any damages incurred, will be the Home Owner's responsibility. Community Management is not responsible for the failure, default, improper act, or omission by any utility supplying such services. Residents must immediately repair any water or sewage leaks in or from pipes or fixtures in, on or under the Home up to the point where such systems connect to the Community lines at Home Owner's Lot. Home Owner's obligation for maintenance and repair of water, sewer, and electric lines and connections are set forth in the Rental Agreement. Home Owner must arrange for electrical upgrades or modifications necessitated by Home Owner's use of electrical power.

**12.3** The Community Owner shall not be liable for any damage resulting from temporary interruption of water service. Hot water heaters, if installed, should be equipped with an antisiphon valve to prevent a health and safety hazard and avoid damage to the hot water heater in the event of interruption of water service, and Community Owner shall not be liable for any such damage. As noted above, the Home Owner shall promptly repair or cause to be repaired any defective plumbing, electrical, or other related issues in the Home, including dripping faucets. The Home Owner shall not waste or unreasonably use the water supply. Watering of lawns may be restricted depending on applicable local and state restrictions regarding same, which must be complied with. Watering outside of any such hours is prohibited.

### **13. GARBAGE AND TRASH DISPOSAL**

**13.1** All garbage must be wrapped and placed in a garbage container and securely closed at all times. Until ready to be taken by the Resident to the appropriate location for pickup, containers are to be placed behind the Home in an area not visible from the street. Also, (1) Yard trash and cuttings must be put in plastic bags containing no trash; (2) Limbs must be tied in bundles, none over 3 feet in length; and (3) Cardboard boxes must be broken down flat - any items falling under one or more of these three categories must be disposed of properly and promptly by the Resident outside of the Community.

**13.2** Loose items such as trash cans, water hoses, building materials and similar outdoor equipment are to be properly stored indoors and out of view. Items such as, but not limited to, sanitary napkins, condoms, metal, rubber, clothes, plastic, paper towels, fabric, grease, disposable diapers, tampons (including those labeled "flushable"), and the like are not to be disposed of in Home or Community toilets or drains. Expenses of purging stoppages of sewer lines of such or similar foreign objects shall be the burden of the Home Owner who occupies the space from which the foreign object originated.

**13.3** The garbage company will pick up trash according to the company's own schedule and rules. Residents are responsible for cleaning up any scattered or remaining residue resulting from collection. It is the Resident's responsibility to remove any trash the garbage company will not handle, including any bulk or large-item trash.

**13.4** Home Owners, their Guests, agents, invitees or other occupants are prohibited from generating, manufacturing, storing, treating, discharging, releasing, burying or disposing on, under or about the leased Lot, or any area in the Community, and from transporting to or from the leased Lot or other area of the Community any hazardous waste.

### **14. RESIDENT AND GUEST CONDUCT**

**14.1** Noise or conduct that Community Management finds objectionable, that disturbs the peaceful enjoyment of the Community by neighbors, or is deemed a nuisance to other Residents, that materially interferes with Community Management's operation of the Community or that constitutes a breach of the peace is prohibited. Loud noises, annoying parties, and abusive or profane language shall not be permitted at any time in the Community. Yelling,

screaming, other noise-making, or the use of profanity outside the Home or inside the Home if audible outside the Home, are not permitted in the Community. All Residents and their family members, invitees and Guests must conduct themselves in an orderly fashion and must ensure that they behave in such a manner as not to annoy, disturb or interfere with other occupants of the Community. Residents are requested to keep noise levels from whatever source to a minimum. Written complaints filed with Community Management by Residents concerning noise or disturbances caused by another Resident or such Resident's Guests shall be considered as evidence of a violation of these Rules.

**14.2** Residents, occupants, and Guests are not permitted to play in the streets, in vacant Lots, or in the yards of other Residents; are not permitted to climb trees in the Community or play ball in the Community streets; or to pass through other Residents' yards. Resident shall be responsible for the actions of such occupants and Guests who violate these Rules and Regulations. Such violations are considered to be violations by the Resident.

**14.3** Skateboarding is prohibited in all common areas of the Community, including vacant Lots.

**14.4** Residents and those persons residing with Resident shall not allow anything to be done on the Lot or in the Home, including the operation of any equipment or machinery, that may result in serious property damage to the Home, Lot or Community in which the Home is located or that is disturbing to other Residents. Residents and those persons residing with Residents shall not allow any activity that may constitute or create a liability on the part of Community Owner or interfere with the quiet enjoyment of other Residents.

**14.5** No alcoholic beverages may be used or consumed on or in any common area of the Community. Smoking is not allowed in any of the Community's recreational facilities or common areas.

**14.6** Residents will be held responsible for their own conduct and the conduct of the members of Resident's household, Resident's Guests or other persons under Resident's control or on the Lot with Resident's permission or consent. Each Resident is jointly and severally liable for the actions of all such described persons and of any additional persons arriving with such described persons and the resulting damages occurring to another Resident's property or that of Community Owner's property. Guests may not sleep in vehicles.

**14.7** Illegal drugs (under either state or federal laws) are strictly prohibited and will not be permitted.

**14.8** Home Owners shall hereby be liable for and shall defend, indemnify and hold harmless Community Owner and Community Manager, their affiliates and their officers, directors, employees, agents, and assigns from all personal injury or property damage caused by assault, battery, or other crime. In addition, Home Owners shall comply with all provisions of any rules, regulations and ordinances of any governmental authority or agency and the laws of the State.

**14.9** Residents and their guests must obey all federal, state and local laws regarding the ownership and possession of firearms. The open carrying, display, or brandishing of firearms or other weapons including but not limited to guns, air rifles, knives, slingshots, or any other type of weapon is strictly prohibited in all common areas of the Community, including but not limited to streets, sidewalks, recreational facilities, offices, and other shared areas all of which are hereby designated as "gun-free zones." Violators of this rule shall be immediately reported to local law enforcement. The display or use of other dangerous instrumentalities, including but not limited to BB guns and air guns, sling shots, and bows and arrows, is not permitted in the Community. The hurling of rocks, knives, eggs, sticks, and any other missiles is strictly forbidden. Fireworks are also strictly forbidden.

**14.10** Criminal activity in the Community is strictly prohibited and will not be permitted.

**14.10.1** Home Owner, members of Home Owner's household, Home Owner's Guests or other persons under Home Owner's control or on the Lot with Home Owner's permission or consent, shall not engage in criminal activity, including drug-related criminal activity, anywhere in the Community. "Drug-related criminal activity" means

the illegal manufacture, sale, distribution, use, or possession with the intent to manufacture, sell, distribute, or use a controlled substance, as such term is defined by applicable laws.

**14.10.2** Home Owner, members of Home Owner's household, Home Owner's Guests or other persons under Home Owner's control or on the Lot with Home Owner's permission or consent, shall not engage in any act intended to facilitate criminal activity, including drug-related activity, on or near the Home, leased Lot, or otherwise.

**14.10.3** Home Owner, members of Home Owner's household, Home Owner's Guests or other persons under Home Owner's control or on the Lot with Home Owner's permission or consent, will not permit the Home to be used for, or facilitate criminal activity on or near the leased Lot or otherwise, including drug-related activity, regardless of whether the individual engaging in such activity is a member of the household or a Guest.

**14.10.4** Home Owner, members of Home Owner's household, Home Owner's Guests or other persons under Home Owner's control or on the Lot with Home Owner's permission or consent, shall not engage in the unlawful manufacturing, selling, using, storing, keeping or giving of a controlled substance (as such term is defined by applicable laws), at any location, whether on or near the Home, leased Lot or otherwise.

**14.10.5** Home Owner, members of Home Owner's household, Home Owner's Guests or other persons under Home Owner's control or on the Lot with Home Owner's permission or consent, shall not engage in any illegal activity, including prostitution, criminal street gang activity, assault (including threatening or intimidating other persons in the Community), battery, including but not limited to the unlawful discharge of firearms or use of fireworks on or near the leased Lot or otherwise, or any breach of the Lease Agreement that jeopardizes the health, safety, welfare or peaceful existence of Community Owner, Community Management, or other Residents, or involving imminent or actual property damage.

**14.10.6** VIOLATION OF THIS RULE REGARDING CRIMINAL ACTIVITY IN THE COMMUNITY SHALL BE A MATERIAL AND IRREPARABLE VIOLATION OF THE LOT RENTAL AGREEMENT AND SHALL CONSTITUTE GOOD CAUSE FOR TERMINATION OF TENANCY. A single violation shall be good cause for termination of the lot rental agreement pursuant to the requirements of section 723.061, Florida Statutes. Unless otherwise provided by law, proof of violation shall not require criminal conviction, but shall be by a preponderance of the evidence.

**14.11** No firearms, other forms of weaponry capable of firing dangerous projectiles, or firecrackers are to be discharged in the Community.

**14.12** Residents and Guests shall not loiter or wander on the streets of the Community between the hours of 9:00 p.m. and sunrise. The term "loiter" means to stand idly about, linger aimlessly, or stop in the course of a trip, journey, or errand. The term "wander" means to move about without a definite destination or purpose, to roam, rove, or stray, to stroll aimlessly, or move from place to place in an aimless or leisurely manner.

**14.13** Public displays of disorderly conduct or immoral behavior as determined in the sole discretion of Community Owner are grounds for eviction pursuant to section 723.061, Florida Statutes.

**14.14** Medical Marijuana. Florida state law specifies that it is illegal to smoke medical marijuana in public places; therefore, the use of medical marijuana in any designated smoking section is prohibited. Additionally, Florida state law permits the property owner to dictate specific stipulations on smoking or vaping medical marijuana; the Community prohibits the smoking or vaping of medical marijuana outside of a Resident's mobile home.

**14.15** Neither residents nor their guests shall engage in any abusive or harassing behavior, either verbal or physical, or any form of intimidation or aggression directed at other members, residents, guests, occupants, or invitees, or directed at Community Management, its agents, its employees, or vendors. If after evaluation by the Community Owner it is determined that a resident or guest of a resident has engaged in abusive or harassing behavior, either verbal

or physical, or has engaged in any form of intimidation or aggression directed at other residents, guests, occupants, or invitees, or directed at Community Management, its agents, its employees, or vendors, as determined in the sole discretion of Community Management, then the offending party shall be found to have endangered the peaceful enjoyment of the Community by its residents, or to have unreasonably disturbed other residents of the Community, or to have committed a breach of the peace. Pursuant to section 723.061(1)(c), Florida Statutes, based on the specific facts of each violation the Resident shall receive either: (1) a 7 day notice of violation in conjunction with which the Resident's rental agreement shall thereafter be terminated and the Resident must vacate the premises within 7 days after the notice to vacate is delivered; or (2) a 7 day notice of right to cure. If the Resident does not comply by the designated date, then a second notice of violation with supporting documentation may be given. If compliance is not obtained by the deadline set forth in the second notice then a 30-day termination of tenancy notice shall be issued and the Resident will have 30 days to vacate the Community. Based on such a determination that the Resident (or guest of Resident) has engaged in abusive or harassing behavior, the Community Owner may evict the violator subject to section 723.061, Florida Statutes.

## **15. SOLICITING OR PEDDLING**

Soliciting or peddling is not permitted in the Community other than Resident solicitation authorized by section 723.054, Florida Statutes. Vendors, peddlers and agents (including representatives of nonprofit organizations) are prohibited from commercial solicitation of any nature in the Community. Vendors, peddlers and agents, after showing proof of insurance to Community Management, may from time to time, and only upon prior written permission of Community Management, be permitted to conduct business from prearranged facilities in the Community at times and on dates specified by Community Management, but at no time will door-to-door solicitation be permitted.

## **16. BUSINESS**

**16.1** No business or commercial enterprises shall be permitted to be operated by any Resident, or any Guest or invitee of any Resident, from or within the Community and no advertising signs may be erected on the Resident's Lot or Home. Babysitting for compensation is a commercial enterprise and is prohibited within the Community except by written consent of Community Management. Babysitting which is performed occasionally or sporadically and which does not involve numerous additional vehicle trips within the Community is allowed; however, if complaints about such babysitting activities are received by Community Management, it reserves the right, in its sole and exclusive discretion, to prohibit future babysitting by the offending Resident(s). A "business" also includes any commercial enterprise which: (i) is required to be licensed by local or State law; (ii) requires traffic from outside the Community to enter for the purpose of dealing with said business; (iii) uses any type of sign or advertising on the exterior of the Home; (iv) includes door-to-door canvassing of Community Residents; (v) interferes with the safe, pleasant, and enjoyable use of the Community by any of its Residents; or (vi) involves the purchase of a Home or of any interest in a Home for the purpose of resale, leasing, subleasing, renting or other business use.

**16.2** No garage, lawn or tag sales will be permitted except those authorized in writing in advance by Community Management. No exceptions will be tolerated. Authorization for such sales held by individual Home Owners will be based on Home Owner(s) agreement to restrictions on the time and manner of the sale and the nature of things to be offered for sale. Community Management reserves the right in its sole discretion to immediately cancel or terminate any sale which results in a disruption of the quiet enjoyment of the Community by any Resident.

## **17. RECREATIONAL AND COMMON FACILITIES**

**17.1** The specific hours of operation for the Community's recreational and common facilities are posted at the facility's location, if applicable, and are disclosed in the prospectus. The recreational facilities may and will be closed from time to time as necessary in Community Management's judgment for appropriate cleaning and/or repairs, for maintenance or weather concerns, or for safety reasons, and no such closures shall be grounds for abatement of rent. All rules related to use of the common and recreational areas will be strictly enforced. The rules regarding Resident and Guest conduct apply to the use of recreational facilities. (See rule re: Home Owner and Guest Conduct for further information.) All Guests must be accompanied by a Resident when using recreational facilities.

**17.2** Violations of the rules for recreational and common facilities may subject the Resident to legal action, including eviction of the Resident or, if Community Owner so elects and the Resident accepts, suspension of the Resident's privileges to use the common area or recreational facility to which such violated rule applies. Acceptance of the suspension of privileges must be acknowledged by the Resident in writing and provided to Community Management no later than three (3) days from receipt of the notice of violation. The length of the suspension will be based on the severity of the violation(s) as determined in the sole discretion of Community Management and may last for the remainder of the Resident's tenancy. Any subsequent violation of common area and/or recreational facilities rules within a twelve (12) month period will unequivocally be grounds for eviction in accordance with Section 723.061, Florida Statutes.

**17.3** The Community Owner reserves the right to eliminate the provision of any common facility or amenity in accordance with Chapter 723, Florida Statutes. One or more of the facilities or services may become unavailable in the event of natural or man-made disaster, including fire, flood, storm, hurricane, tornado, earthquake, war, civil disturbance, vandalism, or any other circumstances reasonably beyond the control of the Community Owner or of the party providing such facility or service, including strike, work stoppage, shortage of materials, shortage of fuel or breakdown, repair or replacement of equipment, and intervention by governmental authority.

**17.4** The recreational facilities, if and when they are installed, are provided for use by the Residents and their Guests on a "USE AT YOUR OWN RISK" basis. No drinking of alcoholic beverages is allowed in or around the recreation areas or buildings within the Community. No pets are allowed in the recreation areas. If there is water access at the Community, swimming, fishing, diving, boating, and other water activities are not allowed.

**17.5** Laundry Facilities: If available in the Community, laundry facilities are provided for the exclusive use of our Residents. Please follow the instructions on the machine and treat them with care as they are provided for your convenience. Tinting or dyeing is not allowed to be done as that may cause damage to the machines. Laundry is to be removed from the machines immediately upon completion of the washing and drying cycles. Each Resident is to clean the machines and the laundry room area after use. Please notify Community Management of any malfunctions.

## **18. LAWS**

Residents must comply with all obligations imposed on Home Owners by applicable provisions of building, housing and health codes, and must obey all federal and state laws and local ordinances related to or concerning the health, safety or welfare of other Residents.

## **19. COMMUNITY OWNER ACCESS TO HOME AND LOT**

In an emergency situation, Community Management may enter a Lot and/or Home to prevent imminent danger to an occupant of the Home or to the Home itself. Additionally, at all reasonable times and subject to any minimum notice requirement of applicable law, Community Management may enter onto the Lot for purposes of repair and replacement of utilities and protection of the Community but not in such manner or at such time as to interfere unreasonably with Home Owner's quiet enjoyment of the Lot.

## **20. LIENS**

To the extent permitted by law and contract, Community Owner will have a legal possessory lien on Home Owner's Home located within the Community for any unpaid lot rental amount, including late charges and utilities, assessment of damages caused by Home Owner or Guests, and for any other recoverable expense under these Rules.

## **21. COMPLAINTS AND NOTICES**

All complaints to Community Management must be made in writing, signed and dated, and must be submitted to Community Management. If you have any complaints or recommendations, please discuss them with the Community Management. Avoid passing rumors on to others. Contact Community Management; we will be glad to do everything

possible to correct problem situations. Community Management is not responsible for delivery of personal notes or messages.

**22. MAINTENANCE REQUESTS**

All requests for Community maintenance must: (1) be submitted to Community Management in writing; (2) reflect the date of submission; (3) state the nature and location of the maintenance activity requested; and (4) be signed by the submitting Resident(s). Requests not submitted in conformance with this rule may not be acted upon by Community Management.

**23. USE AND OCCUPANCY**

The Lot shall be used solely for the purposes of placing a Home thereon for the residential use and occupancy of Resident. Without prior written consent of Community Owner, the Lot may not be occupied by more than 2 persons per bedroom. This conflicts with another statement.

**24. LIABILITY FOR DAMAGES**

Community Owner shall not be liable for any loss of, or damage or injury to, the person or property of Resident, any member of Resident's household or any occupant, Guest, or invitee on the Lot, caused by but not limited to: (a) any condition of the Lot; (b) any act, fault, or neglect of any Resident, a member of any Resident's household, or any occupant, Guest or invitee of any Resident or of any occupant of the Community, or of any trespasser; (c) fire, water, steam, rain, hail, wind, flood, sewerage, odors, electrical current, insects, mold, mildew, fungus, or any act of God; or (d) theft or embezzlement, unless any of the foregoing was caused by Community Owner's active or willful misconduct. Resident does hereby indemnify and hold harmless Community Owner, its affiliates and its and their officers, directors, employees, assigns, and agents from any loss, cost, damage, or expense arising out of any claim or cause of action asserted by any person because of any loss of, or damage or injury to, the person or property of any person caused by any act, default, or neglect of any Resident, member of Resident's household, or occupant of the Lot, or of any Guest or invitee of any Resident or occupant of the Lot.

**25. INSURANCE**

Home Owners are required to obtain and to maintain liability insurance; Home Owners' insurance; flood insurance; and personal property insurance, if necessary, to protect themselves, their Homes and the contents thereof, any other household members, and visitors or Guests of any nature, against loss or damage of any kind arising from placement of the Home within this Community, or from occupancy of such Home while it is in the Community. Home Owners shall hereby be liable for and shall defend, indemnify and hold harmless Community Owner, its affiliates and its and their officers, directors, employees, agents, and assigns from all personal injury or property damage. Community Owner does not maintain any insurance which would cover personal injuries or damages occurring on a Home Owner's Lot or within a Home Owner's Home, or for reimbursement to the Home Owner for the loss of the Home or personal property. Community Owner reserves the right to waive the requirement for Residents to have one or more types of insurance coverage specified above if such insurance is not reasonably available for purchase by Residents. Violation of this rule shall not be grounds for eviction under Chapter 723, Florida Statutes, of any resident in the Community as of the effective date of this rule. However, a resident who purchases an existing home in the Community or otherwise establishes a new tenancy after the effective date of this rule shall be subject to eviction under Chapter 723, Florida Statutes, for failure to comply with this rule in its entirety.

**26. FLORIDA STATE LICENSE DECAL**

All Home Owners must maintain current state registration decal on their Home. Current state license decal(s) shall be conspicuously displayed on the Home at all times. Please place it in the lower left-hand corner of a window which faces the street and display the current year only.

**27. GOVERNING LAW**

Community Owner-Resident relationship created by the Lease Agreement and these Rules shall be governed by applicable federal law and the law of the State of Florida. It is the intent of Community Owner and Resident to comply with applicable laws and that applicable federal and State law shall override any provision of these Rules that may be contrary to same.

**28. EASEMENTS PERTAINING TO EMERGING TECHNOLOGIES**

**28.1** Community Owner, for itself and its contractors, agents, designees, lessees and licensees, hereby reserves a non-exclusive easement over, across, under and through the community property for the purpose of installing, maintaining, operating, repairing and replacing any and all components, lines, pipes and facilities of one or more "technology devices" (defined for purposes herein as a cellular tower, satellite dish, antenna, distributed antennae system, switching or relay devices, wireless nodes, technology centers, and like or similar equipment) designed to provide to home owners, in whole or in part, or others with technology services from time to time. Community Owner shall have the right, but not the obligation, to lease or license the use of such technology devices to third party providers, and in fact such third party provider shall be entitled to install such technology hubs. Community Owner shall be solely entitled to retain, for its own benefit, any and all payments made by such third party providers in connection with the use of such technology hubs.

**28.2** In connection with subsection 28.1, Community Owner hereby reserves a non-exclusive easement through (1) those portions of the common elements designed for utility lines, pipes and facilities, to install, construct, maintain, repair and replace all lines, pipes and facilities necessary to provide electricity service to the technology hubs, and (2) the common areas to permit ingress and egress in connection with the easements created under this rule. Home owners shall be required to pay the costs and expenses associated with the provision of electricity service to the common areas of the Community via means of a submeter or other similar device which serves to calculate the amount of electricity utilized in connection with the technology hubs.

**28.3** The use of the foregoing easements shall not unreasonably interfere with the use of any home in the Community.

**28.4** Community Owner shall not be obligated to obtain from the homeowners' association (if applicable) or any home owners any approvals for activities contemplated under this rule.

**28.5** Notwithstanding anything to the contrary contained in this rule, in exercising any of the easements granted herein, Community Owner may not impair service to any home and/or to the common areas of the Community and must comply with all applicable laws, rules, ordinances and regulations of all governmental authorities having jurisdiction.

BE AWARE THAT ALLIGATORS MAY BE PRESENT IN ANY WATER BODY ON COMMUNITY PROPERTY.

**31.2** Wetlands play an extremely important role in Florida's complex ecosystem. Wetlands provide habitat for a wide variety of fish and wildlife, and offer numerous water cleansing and flood protection functions. This Community is committed to assist in the efforts of state and local government to preserve natural resources, protect fish and wildlife, minimize storm water impacts to surface waters, and provide for the management of water resources.

Residents should minimize the excess use of fertilizer and pesticides on their lots.

Additional available enforcement actions by state or local government include: civil damage and penalties for injury to air, waters or property, including plants, animals, and aquatic life, and administrative fines. Caregiver agrees that upon demand for failure to comply with this requirement, caregiver shall vacate the Community.

**35. MULTIPLE MOBILE HOME OWNERSHIP**

All mobile homes owned by the same home owner(s) including any corporation, partnership, LLC or other legal entity, and the homesites occupied by those homes must be kept in complete compliance with these rules and regulations at all times. Failure to do so may result in eviction of the home owner(s) and of any homes owned by the home owner(s) which are not in compliance with the standards set forth in these Rules and Regulations pursuant to section 723.061, Florida Statutes, or the denial of the right to sublease any home owned by Home Owner.

## **37. HURRICANE PREPARATIONS**

**37.1** Each home owner or resident who plans to be absent from the Community during the hurricane season must prepare their home prior to departure by designating a responsible firm or individual to care for the home during Home Owner's or resident's absence in the event that the home should suffer hurricane damage. The designated firm or individual shall be registered with Community Management. The designated firm or individual shall contact Management for permission to install or to remove hurricane shutters or perform other hurricane preparation related work on the home. **37.2** Hurricane tie-downs are required by the State of Florida and every mobile home brought upon the premises must be secured in accordance with Florida law within thirty (30) days from the date of arrival, at Home Owner's expense. **37.3** Residents are responsible for removing from their lots or otherwise securing any object that may cause damage by falling or blowing during a storm. The Community may, as determined in its sole discretion, without notice if giving notice is not reasonably practical as the result of exigent circumstances, remove, cut or trim any tree, landscaping or object that would, in the judgment of Community Management, cause damage.

**37.4** Any damaged home declared uninhabitable by either a federal, state or local government agency or Home Owner's insurance company may be removed and disposed of by Community Management, and all costs of such removal charged to Home Owner as a damaged home removal fee, if Home Owner fails or refuses to remove or repair the home or to make other arrangements with Community Management for disposition of the home within seven (7) days of notice given by Community Management to Home Owner's last known address.

**37.5** Homes, including appurtenances such as carports, screen rooms, and exterior utility rooms, damaged by hurricanes, or by any other cause, must be repaired or rebuilt to the condition of a well-maintained home or appurtenance in the Community, or to Community standards as set forth in these Rules and Regulations.

## **38. SUBLEASING AND RENTING**

Subleasing, including short-term rentals and vacation rentals, is prohibited in the Community. Examples of short-term rentals and vacation rentals include, but are not limited to, Airbnb, VRBO, etc., and any other similar or like kinds of rentals. No portion of the Lot or Home may be subleased, rented, or leased by Home Owner, nor occupied by any person(s) by or through a rental/purchase option or such other similar lease of the Lot. Community Management may lease any Home it owns or leases on Community Lots. Any subleasing, renting or leasing by Home Owner shall be void, and shall constitute a default by Home Owner under his Lot Rental Agreement. Lots are not transferable. Homes must remain owner-occupied at all times. "Subleasing" is defined as the occupancy of a Home by anyone other than the approved occupants while the approved occupants are not present or by Guests whose stay exceeds that set forth in these Rules and Regulations.

**38.1** When a third-party or tenant rental exception to the Home Owner-occupied rule above has been approved, all occupants of the Home must be properly screened and approved for residency prior to their occupancy of the Home, and each occupant or tenant over the age of eighteen must sign a copy of the Rules and Regulations. (See rule regarding Residency). A written agreement must be executed between Home Owner and Community Management regarding such third-party or tenant rental. Home Owner remains fully responsible to the Community for payments due under Home Owner's Lease Agreement. All third-party or tenant rentals are unauthorized unless prior written approval of Community Management is granted. Further, notwithstanding the right of Community Owner to allow subleasing in

the Community, nothing in this rule compels Community Owner to do so, and Community Owner in its sole discretion may refuse to allow subletting at any time. A few of our properties allow this.

### **39. LEASE AGREEMENT TERMS AND CONDITIONS**

A written Lease Agreement will be required of all new Residents prior to occupancy. These Rules and Regulations are deemed incorporated as terms and conditions of the Lease Agreement. Resident shall not assign the Lease Agreement, or any interest therein. In the case of automatically renewing lot leases that do not otherwise provide that they are assumable, with the prior written consent of Community Owner, the purchaser is allowed to assume only the remainder of the lot lease term in effect at the time of sale.

### **40. ENFORCEMENT AND EVICTION**

**40.1** Prior to admission to this Community, each prospective Resident must sign an acknowledgment that they have read, and that they understand and agree to be bound by, the Rules and Regulations as set forth herein. Please note that ignorance of a Rule and Regulation is not an excuse for violation. Every effort will be made by Community Management to ensure that the Rules and Regulations are enforced. Your cooperation is essential in providing you and your neighbors a peaceful and enjoyable Community.

**40.2** Compliance and enforcement of Rules and Regulations is a matter between Community Management and the offending Resident, and as such, no other Home Owner or Resident has any right against Community Management relative to enforcement of the Rules and Regulations against another Resident.

**40.3** Community Management will contact Residents who violate a regulation by means of a personal visit, a telephone call, or a Notice of Rules Violation issued in accordance with section 723.061, Florida Statutes. It is expected that all Residents will correct the violation in a timely manner in accordance with section 723.061. Repeated violation could lead to possible eviction proceedings in accordance with applicable law.

**40.4** A Home Owner, Tenant, occupant, or the Home shall be subject to eviction in accordance with the procedures set forth in Chapter 723, Florida Statutes, and as amended. The grounds for eviction are summarized as follows:

**40.4.1** nonpayment of lot rental amount;

**40.4.2** conviction of a violation of a federal or state law or local ordinances, if the violation is detrimental to the health, safety, or welfare of the other Residents of the Community;

**40.4.3** violation of a Community rule or regulation, the Lot Rental Agreement, or Chapter 723, Florida Statutes;

**40.4.4** a change in the use of land comprising the Community or any portion thereof; or

**40.4.5** failure of the purchaser, prospective tenant, or occupant of a Home situated in the Community to be qualified as, and to obtain approval to become, a tenant or occupant of the Home, such approval being required by these Rules and Regulations.

**40.4.6** Pursuant to Section 723.061(1)(e), Florida Statutes, if a purchaser or prospective tenant of a Home occupies the Home before approval is granted, Community Management may require that the purchaser, prospective tenant, or unauthorized occupant vacate the Community within 7 days of receipt of a notice demanding same.

**41. WAIVER**

No waiver of any default by Resident shall be implied from any omission by Community Owner to take any action with respect to the default if such default persists or is repeated. No express waiver shall affect any default other than the default specified in the express waiver, and that only for the time and to the extent stated in the express waiver. One or more waivers of any covenant, term, or conditions of the Lease Agreement or these Rules by Community Owner shall not be construed as a waiver of a subsequent breach of the same covenant, term, or condition. The consent of Community Owner to any act by Resident requiring Community Owner's consent shall not be deemed to waive or render unnecessary Community Owner's consent to any subsequent similar act by Resident. The rights and remedies of Community Owner contained herein are cumulative and shall be in addition to those prescribed by law.

**42. SPECIAL EXCEPTIONS**

Community Management reserves the exclusive, unrestricted right to grant special exceptions to these Rules when, in the exclusive opinion of Community Management, special circumstances warrant the granting of special exceptions or written waiver of a particular provision as it applies to a particular Resident or Residents, so long as such exception or waiver does not interfere with the general welfare, health and safety of the other Residents of the Community. For example, variances to these Rules may be granted by the Community Management due to space limitations, design considerations, in cases where the intent of a Rule or Regulation is met but not the specific requirement, or in such other circumstances where the exception will not disturb the quiet enjoyment of the Community by other Residents, or when the basis for the variance is deemed sufficient in the discretion of Community Management.

**43. SURVIVAL**

If any portion of these Rules and Regulations is found to be void or unenforceable by a court of competent jurisdiction, the balance of these Rules and Regulations shall remain in full force and effect, so long as the general intent of the parties continues to be met. To the extent State or local law is inconsistent with any terms of these Rules and Regulations, such State or local law shall control the relationship between the parties hereto.

THE FOLLOWING IS AN OPTIONAL CONFIRMATION WHEREBY EACH RESIDENT ACKNOWLEDGES HAVING BEEN GIVEN AN OPPORTUNITY TO READ ALL THE ABOVE COMMUNITY RULES AND REGULATIONS, AGREES TO COMPLY WITH EACH, and is in full agreement with these Community Rules and Regulations being an integral part of the Application for Residency and Rental Agreement between Resident and Community Owner. Resident acknowledges that violations, infractions, breach, or default of these Community Rules and Regulations will be grounds for termination of Resident's Rental Agreement and eviction from the Community pursuant to Section 723.061, Florida Statutes.

## **ADDENDUM TO COMMUNITY RULES AND REGULATIONS**

A. MHC Tenant Protections: In consideration of the execution or renewal of that certain Lease (for purposes of this Addendum, the "Lease") of the Home Site (for purposes of this Addendum, the "Home Site") by and between Owner/Landlord/etc. (for purposes of this Addendum, the "Landlord") and Tenant/Resident/etc., the parties agree that the following minimum tenant protections apply (subject to any provisions under applicable law that offer greater protections to the Applicable MHC Resident):

1. MH Home Owner is entitled to a Lease term of not less than one (1) year except the initial year which may be for less than 12 months for the purposes of having all leases renew on the same date, renewable at MH Home Owner's election, unless there is good cause for nonrenewal including, (1) MH Home Owner being in default under the Lease at the time of renewal, (2) MH Home Owner's serious or repeated violation of the material terms and conditions of the Lease, or (3) MH Home Owner's violation of applicable federal, state, or local law;

2. Community shall give MH Home Owner not less than ninety (90) days' written notice prior to an increase in the lot rental amount payable under the Lease;

3. MH Home Owner shall have a minimum five (5) day grace period for the non-payment of rent, and the right to cure defaults on lot rental amount payments within ten (10) days of the expiration of the foregoing grace period;

4. MH Home Owner is entitled to sell its Manufactured Home to a buyer that qualifies as a new tenant in the MHC, without having to first relocate such Manufactured Home outside of the MHC.

5. MH Home Owner has the right to sell the Manufactured Home in place within 30 days after eviction by the MHC owner, subject to the MHC owner's right to prevent a dangerous condition or any threat or risk of bodily harm to other residents or visitors of the MHC, and provided, further, that, nothing in this section prohibits MHC owner from exercising any other right or remedy available against MH Home Owner under law.

6. MH Home Owner has the right to (a) sublease, and (b) assign the home site lease for the unexpired term to the new buyer or sublessee of the MH Home Owner's manufactured home without any unreasonable restraint, so long as the new buyer or sublessee, as applicable, qualifies as a new resident within the MHC (including satisfying MHC owner's applicable credit and background checks and any requirements in the MHC's rules and regulations).

7. MH Home Owner has the right to post a "For Sale" sign on or in MH Home Owner's manufactured home that advertises the sale of the home, provided that the display and content of such sign complies with the MHC rules and regulations.

8. MH Home Owner has the right to receive such notice as may be required by Chapter 723, Florida Statutes, prior to any planned sale or closure of the MH Community.

If any of the foregoing requirements violate applicable law (including if applicable law provides a more favorable protection to MH Home Owner), then such requirement(s) will be deemed automatically void and of no force or effect. The invalidity or unenforceability of such requirement(s) will not affect the validity or enforceability of any other provision of the rules and regulations, and all other provisions thereof will remain in full force and effect.

Notwithstanding anything to the contrary in the rules and regulations or in any other document between Landlord and Tenant, the provisions of this Addendum shall control and will govern and supersede all other provisions of the Lease or MH Community Rules and Regulations, except to the extent that the other provisions of the Rules and Regulations or the other document provide more favorable protections to the Resident. When used in this Addendum, the terms not otherwise defined in the Rules and Regulations shall have the meanings set forth in the Addendum.

If any of the foregoing requirements violate applicable law (including if applicable law provides a more favorable protection to MH Home Owner), then such requirement(s) will be deemed automatically void and of no force or effect. 4. This Agreement shall automatically renew unless prior written notice of termination herein is given by either party within 30 days of the end of the current contract year, and thus Resident agrees that if he or she does not remove the personal property from the Storage Facility at the end of the Contract Term, Community Owner may properly invoice Resident for storage for an additional successive period equal to the Contract Term with the rent payable thereunder at the prevailing rental rate at the time, which rate may be higher than the rate charged in this storage agreement.

5. At the expiration of the term hereby created, Resident agrees to surrender all keys or electronic entry devices for the Storage Facility to Community Owner at the place then fixed for payment of lot rental amount.

The balance, if any, shall be returned to Resident.

8. If the Resident's personal property is not able to be sold at a public or private sale, Community Owner is then also permitted to remove the Resident's personal property from the storage facility and Community Owner shall be permitted to dispose of the Resident's personal property as Community Owner deems fit at its own discretion.

9. The personal property shall be stored at the specific space designated therefor by Community Owner.

10. Community Owner reserves the right to cancel this agreement upon ten days written notice to Resident and to refund a pro-rated portion of the user fee paid if the attached rules are not followed by Resident.

Increases in the amount of the fees for any of these services shall be implemented, in the sole discretion of Community Owner, based on the prevailing market rates or increased costs.

12. This Agreement is binding on any successor to Resident including Resident's heirs, assigns or purchasers of Resident's mobile home. Nonetheless, such a successor may terminate this Agreement upon full payment for storage services rendered as of the date of written notice of termination being provided to Community Owner.

Resident further agrees to maintain property and liability insurance on all property stored at the Community pursuant to this Agreement and to be liable for any damages caused to Resident's property stored in the Storage Facility, and as to any other property stored in the Storage Facility damaged by Resident.
